OF IRRIGO

AGENDA

Irrigon City Council Meeting December 17, 2024 – 6:00 PM Irrigon City Hall - 500 NE Main Avenue

ZOOM MEETING – Information on Second Page

- Call to Order/Pledge/Roll Call
- Mayor's Comments
- 1. Public Comment Maximum 3 minutes/person/topic. A maximum of 30 minutes may be allotted for the public comment. This is the time provided for individuals wishing to address the Council, at their discretion. Multiple items on the same topic need to be combined through one speaker. Please email (clerk@ci.irrigon.or.us) your comments or questions by 4:30 pm of the meeting date so that the Mayor and Council can hear your comment or question.
- 2. * Consent Agenda (The Consent Agenda allows the Council to approve all items together without discussion or individual motions. Councilors can request an item be removed for later in the meeting and discussion)
 - a. Approval of Minutes November 19, 2024
 - b. City Manager Report and Staff Updates
 - c. Accounts Payable
 - d. Law Enforcement
 - e. Municipal Court
 - f. Correspondence
- 3. Employment Land, Strategies Plan Update- Carla Mclane
- 4. * Contract Bid Award Food Pod Project
- 5. * Annual Audit Report
- 6. * Irrigon 2024 Council Election Certification
- 7. * 2025 SCA ODOT Grant Bid Process
- 8. * Resolution 24-12 Master Fee Schedule
- 9. * Oregon State Parks "Splash Park Grant" Agreement
- 10. Items for Future Council Meetings
 - Food Pod Loan Documents Jan 2025
 - Swearing in of Elected Councilors Jan 2025
 - Selection of Mayor Jan 2025
 - Selection of Mayor Pro Tem Jan 2025
 - SB1530 Infrastructure Project –Jan/ Feb 2025
 - Splash Park Construction 2026
 - Ordinance 260-23 "Camping and Homelessness" TBD
 - Development Code On-going

Next Regular Meeting Date – January 21, 2024

If you would like to attend and need assistance, please phone Irrigon City Hall at 1.541.922.3047 or TTY relay 1.800.735.2900 The facility is accessible for people with disabilities. Records Requests: The public may

^{*} Denotes a motion and vote required.

request documents for review, as legally applicable. A written request shall be submitted with a response in 5 business days of the time and cost for such public document request. City will proceed upon written notice to proceed or disregard the request.

Minutes

Irrigon City Council Meeting November 19, 2024 – 6:00 PM Irrigon City Hall - 500 NE Main Avenue

• The meeting was called to order at 6:00 pm.

Mayor Patton led in the Pledge of Allegiance.

Councilors present: Mayor Michelle Patton, Mayor Pro-Tem Benji Calvert, Melvin Lambert, Daren Strong, Heather Bishop, Hector Cano, and Marilina Avila-Serratos.

A quorum was present.

City Staff present: City Manager Aaron Palmquist, Finance & Administrative Director Amanda Ferguson, City Intern Evan Purves and City Planning Consultant Carla McLane of McLane Consulting.

Audience present: Councilor Elect Thomas Roberts, Barbara Hulse, Chad Bishop and Ruth Bostick

• Mayor's Comments

Mayor Patton reminded everyone of the Annual Christmas Tree Lighting Event on December 1, 2024. There will be a Christmas bazaar from 9:00 am to 3:30 pm, petting zoo from 1:00 pm to 3:00pm and cookie decorating with Santa from 1:00pm to 3:00pm. The Christmas tree lighting will be at 5:00pm.

The City Manager is working with other entities on the details for a warming station. The times and availability will be forthcoming.

Last month she was absent from the city council meeting due to attending the League of Oregon Cities Annual Conference in Bend partaking in their training and networking with other mayors, councilors, and staff from cities across the state.

The fire station is planning on doing their annual Christmas basket.

The Giving Tree will be going up within the next two weeks, the city is waiting for names to be turned in.

A thanksgiving meal will be served at the Irrigon Senion Center in Irrigon on Thanksgiving Day from 2:00pm to 3:30, with a pickup option from 12:00 to 1:30 pm. Meal tickets will be available at the Senior Center and Irrigon Food Bank or by contacting via Facebook. Also, doors open at 10:00am with games and puzzles.

1. Public Comment

Barbara Hulse protested against making anymore industrial lands in Irrigon. She has heard rumors of such and she is against it.

Tom Roberts praised the Irrigon Chamber of Commerce for the dinner that was put on for local emergency responders. Geer prepared fabulous food and it was great to get to know people from other agencies.

2. * Consent Agenda

- a. Approval of Minutes October 15, 2024
- b. City Manager Report and Staff Updates
- c. Accounts Payable
- d. Law Enforcement
- e. Municipal Court
- f. Correspondence

Councilor Bishop moved to accept and approve the consent agenda as presented. Councilor Calvert seconded the motion.

There being no discussion, votes were taken and motion passed unanimously.

3. Employment Land, Strategies Plan Update- Carla McLane

Carla McLane updated the city council on the activity taken place since last city council meeting in regards to employment lands. She and city manager Aaron Palmquist had a productive meeting with individuals at the Department of Land Conservation and Development (DLCD) and the Oregon Department of Transportation (ODOT) discussing what the process might look like and what their expectations would be in the process of creating additional employment lands in Irrigon. A clear path was not accomplished but there was some good news that came out of the conversation. Since Irrigon has not done an Economic Opportunities Analysis (EOA) previously, Irrigon may not need one now. The conversation will be continued to better determine what would be needed to address both employment lands and housing needs.

ODOT will need to have a Traffic Impact Analysis (TIA), any access to industrial lands will impact Highway 730, an ODOT facility. The TIA will have actions needed and then the developer will have to work with ODOT and the City of Irrigon to complete those actions.

The cost estimates are as follows: Economic Opportunities Analysis by itself \$50,000, Economic Opportunities Analysis with Housing Needs Analysis \$100,000, Traffic Impact Analysis \$30,000 and local planning assistance \$20,000 for a total estimated cost of approximately \$150,000.

In December, Carla plans to have a task list and a better understanding of landowner components.

Palmquist added that there will be no tax dollars used for these analyses. He is planning on going after other grant sources for the costs.

A town hall meeting with all stakeholders, specifically landowners, was discussed.

The process was explained as preliminary work first, then consultants conduct the analyses and then the land use processes will be followed with two public hearings and possible open house events.

4. *Irrigon Cross Connection Control Program

As part of the Irrigon Municipal Code, Title 8 (8-1-15) as adopted in Ordinance Number 104 (6-10-1986) the City of Irrigon is to have a clear and active Cross Connection program. This requirement as outlined and managed in accordance with Oregon Health Authority (OHA) requirements, is needing updated and adopted by the City Council.

City staff and JUB Engineers (City Engineer) have been working on this program as noted in the latest OHA review and inspection. Irrigon has a staff member in public works who manages the program. However, any private testing of back-flow devices is administered through a third party. This city also has multiple devices and uses an independent party for annual testing, ensuring that city water maintains safe drinking standards.

Councilor Lambert moved to accept and approve the Irrigon Cross Connection Control Program as presented by J-U-B and notification be made to OHA with postings made to the website accordingly. Councilor Strong seconded the motion.

Motion passed with anonymous vote.

5. *Quotes for Lift Station Generator (SB1530 Infrastructure Project)

Romtec failed to meet and sign the documents of agreement for the lift station generator that is part of the SB1530 Infrastructure Project, approved at last city council meeting.

The back-up generator is a required piece of this infrastructure project. Therefore, in accordance "Intermediate procurement" under ORS 279B.070 the solicitation took place for procurement of this item.

Staff recommends acceptance of JUB Engineers recommendation of the Generator and ATS acceptance for the – Advanced Lift Station Project to Western States Equipment Company for \$38,618.00 of the back-up generator.

Councilor Lambert moved for acceptance of the advanced lift station project from Western States Equipment Company of \$38,618 for the back-up generator as presented and authorizing the mayor and city manager to sign applicable documents. Councilor Bishop seconded the motion.

Motion passed by unanimous vote.

6. *Ordinance 263-24 Vacating a City Street for Development, Declaring an Emergency

This street has previously been noted as a dedicated right of way (ROW). Historically with state practice and processes, such ROW's where able to be realigned as part of a new and broader platting process. While "new" streets can be added during the platting process, the state has called for increased clarity on existing ROWs that will be removed, relocated, or reduced in size and length. The New Dream Subdivision, off SE Division Steet, is requesting this vacation of the full ROW for a portion of SE Thomas Avenue and a vacation for a reduction in size, as noted on Ordinance 263-24. New actions will then be noted on the future platting maps of a relocated SE Thomas Avenue, to run south of the existing ROW between SE Division and SE Tenth Streets. Additionally, a portion of SE Thomas Avenue, just off of SE Tenth Street will become SE Thomas Lane.

Councilor Calvert moved to adopt Ordinance 263-24 in vacating SE Thomas Street as presented and declaring an emergency. Councilor Lambert seconded the motion.

Clarification was requested for the declaring of an emergency. It was explained that an ordinance needs an emergency clause per City Charter to approve immediately. Vacating a street is part of a replat was not expected in the approval process but now must follow other processes per the state. The replat is scheduled to go to the Morrow County Commissioners at their December 8th meeting.

Motion passed by unanimous vote.

7. Items for Future Council Meetings

- Annual Audit Report –Dec 2024
- Oregon State Parks "Splash Park Grant" Agreement -Dec 2024 / Jan 2025
- Swearing in of Elected Councilors Jan 2025
- Selection of Mayor Jan 2025
- Selection of Mayor Pro Tem Jan 2025

- SB1530 Infrastructure Project –Jan/ Feb 2025
- Food Pod Construction Project Award– Dec 2024
- Splash Park Construction 2026
- Ordinance 260-23 "Camping and Homelessness" TBD
- Development Code On-going

Michelle Patton, Mayor	Aaron Palmquist, City Manager
Signed:	ATTEST:
Minutes prepared by Amanda Ferguson.	
Meeting adjourned at 6:39 pm.	
Councilor Lambert moved to adjourn the meeting.	
Next Regular Meeting Date – December 17, 2024	

City Manager Report 12-17-2024

Moving from fall into winter seems to be a little too fast for some. Thanksgiving was late this year on the calendar but still many events have and are taking place prior to the end of 2024. It seems that the year 2024 just started and we will soon be welcoming in 2025.

The holiday events have been tremendous, with a great opportunity for community members and the various vendors and organizations putting them together. The Irrigon Chamber with their holiday bazaar showcased several vendors. Thank you to the chamber and each vendor for continued opportunity. Again, the Irrigon Rural Fire Protection District will be supporting several families through generous support with the annual food baskets. This year we have another record-breaking giving tree program for needing children across our area. Rubi at Irrigon Elementary School is facilitating all the names and process. As of this writing there is still between 20 to 30 names needing someone to share Christmas giving. This year we have well over 100 children who will have the gift of giving shared with them. Please see the QR code in the lobby to take you to the dedicated webpage and individuals still needing touched.

At this month's meeting the City Council will accept and validate the results submitted by the Morrow County Clerk. These are the City of Irrigon 2024 General Election results. Four candidates will be sworn in at the January 2025 meeting. Congratulations to each of the candidates.

There are a few correspondence articles for the City Council and public to view. Council, please take note of the League of Oregon Cities (LOC) Elected Essentials Training December 19th and 20th, in the evening in Pendleton. This is a great opportunity to network and gain additional insight. Information is in the packet under correspondence regarding the training.

The LOC has also provided the Annual Transportation (ODOT) investment for cities across Oregon. Beginning in February the state legislature will convene and one critical item is a 2025 Transportation Funding Package. Let's continue to work with the LOC and our local legislators to see that a balanced comprehensive package is passed. Added to the correspondence is the proposed governor's budget for the 2025/26 Biennium.

I will be off on vacation picking my daughter up from college for Christmas break and doing some work to her place in Oklahoma. Amanda will be covering for me while I am out.

Court/Law Enforcement

The court docket for the month of December appears to be pretty full. Results from the Tuesday, December 10, 2024 Municipal Court will be reported next month. Thank you, Karma, for the extra effort in streamlining the process. The one noted property continues to see multiple unfounded calls, whether to Morrow County or the city. The individual is scheduled to go before the judge on December 10, 2024.

OSP (Oregon State Police) still processing our request regarding the opportunity for the judge, and our municipal court, to use the LEDS (law enforcement data systems) when dealing and taking action on violations and with defendants.

There are quite a few new officers with Morrow County Sheriff's Office (MCSO). This means new training to bring the sworn officers in line with the requirements before they perform duties in a sole officer situation. Training is a key area and we thank MCSO for the work being performed. Because of the various training and vacation situations the past month's information reports were not available at this writing. If they do show in time, copies will be made available for the City Council meeting.

Public Works (PW)

The Food Pod Project is noted in the packet for award. This was a very competitive process with several contractors. We are confident that this is going to be a great project, enjoyed by everyone. We are separately ordering the decorative lights, which will have solar panels for any lighting. Rock Enterprise will be doing the solar conversion for us. They have installed a proto type down by the Irrigon Clinic. Check it out when able. The light will not stay

on all night as it is winter season and there is not much sun to power the batteries. Once this project is completed staff will evaluate and see how many should be installed along the south side of 730 and the sidewalk project.

We have been working with ODOT on the ADA curb ramps at various intersections on the north side of US 730 walking path. Their project will be going out to bid soon. There will be some limited traffic on the designated streets on the north side of US 730.

Irrigon was awarded the Small City Allotment (SCA) grant. We are preparing the project for construction and have an item on this month's agenda to allow staff to use the best means possible and get the best use of resources provided.

The Oregon State Parks Commission (OSPD) submitted documents late Tuesday but in time to get it on the agenda. This agreement needs Irrigon's signature and then the State's signature before any future progress can begin. JUB will begin the process of formally designing at that time. Project construction still remains to begin sometime in 2026. for the Irrigon Splash Park project,

Staff has all equipment and processes ready for this year's winter weather, which has already dropped snow across the region.

Thank you for your patience as our public works staff work diligently to provide for the many services enjoyed in Irrigon.

Financial/Administration

As previously noted, Trista Seastone, left the City of Irrigon to work for Morrow County Health District. The position for City Clerk has been offered to Davina Marin in which she will begin on Monday, December 16, 2024. Amanda supervises the position and will be working with her as she learns her city duties. Please welcome her this month as she learns and familiarizes herself with the City Council meeting process.

Our annual audit report is in this month's packet for acceptance and approval. We have another successful year, representing the increase of fiscal strength for the city as well as noting the services staff continues to provide for our community.

Participating by Zoom has now become a generally acceptable means for connecting to public meetings. Individuals present at the meeting in person are requested to speak up and speak slower so that those with hearing challenges can hear. When using Zoom, rename yourself by clicking on the three little dots in the upper right-hand corner of the Zoom screen. To address the council on a topic/question notify the City Clerk by 4:30 pm the day of the council meeting.

Anyone from the public needing assistance or questions, contact Irrigon City Hall. For councilors, contact me directly and we will provide the requested information on time. It is always best to ask questions and gather information from all perspectives. Staff and I thank you for your continued support.

Sincerely,

Aaron Palmquist

City of Irrigon

Statement of Revenues and Expenditures Actual Versus Budget

November 1, 2024 - November 30, 2024

ELECTED ESSENTIALS WORKSHOPS

New to city government? Need a refresher on government fundamentals? Plan now to attend a FREE training in your area.

LOC is thrilled to offer our signature Elected Essentials training in person again this winter. The LOC's Elected Essentials program provides newly elected officials, experienced elected officials, and city staff with free training on the basics of municipal governance in Oregon.

Topics include:

- · How to Achieve a High Functioning City Council
- · What City Officials Need to Know About Oregon's Public Records Law
- Public Meetings in Oregon What the Law Says & Best Practices
- Understanding Your Legal Obligations Under Oregon's Ethics Laws
- Legal Powers & Impediments Affecting Elected Officials
- Lobbying 101

Registration is FREE and lunch is included. Sign up now at www.orcities.org.

Remaining Dates and Locations:

Pendleton – Convention Center	Region 11	Dec. 19, 5 p.m 9 p.m. and Dec. 20, 5 p.m 9 p.m.
Redmond – City Hall	Region 9	Jan. 8, 8:15 a.m 5 p.m.
Klamath Falls – Council Chambers	Region 10	Jan. 14, 8:15 a.m 5 p.m.
Phoenix – Civic Center	Region 7	Jan. 15, 8:15 a.m 5 p.m.
Baker City – Armory	Region 12	Jan. 31, 8:15 a.m 5 p.m.
Salem – Local Government Center	Catch All	Feb. 5, 8:15 a.m 5 p.m.

December 6, 2024

Co-Chair Representative McLain Co-Chair Senator Gorsek Members of the Joint Committee on Transportation

Subject: Annual transportation investment needs of cities

The LOC has further explored the principal question of transportation needs for cities to inform members of the Joint Committee on Transportation. The LOC has produced a set of transportation needs based on a smaller subset of LOC members and has built a simple projection based on lane miles present across Oregon. These projected needs are conservative and represent needs based on over 11,300 road miles in Oregon. This work combines survey results that the LOC conducted in the spring of 2024 and, more recently, in the last 30 days.

Based on the assessment, the LOC estimates a funding gap of \$1.657 Billion annually. This includes over \$1.024 Billion annually of capital investment gaps and an annual operations and maintenance need of over \$633 million. I want to clarify that since the estimate of capital construction needs are largely based on Transportation System Plans (TSP), cities would not expect state resources to match the local need. Instead, cities leverage multiple funding sources that can be identified over the planning horizon. What's important about the capital needs is simply the scale of the investment and the critical importance of state resources to the overall investment in Oregon's entire transportation system. Cities in Oregon are challenged to identify and leverage additional transportation needs to meet the core objective of community safety on streets and in neighborhoods.

Cities use utility fees, service charges, levies, bonds, gas taxes, registration fees, and the state block grant programs (STBG) to supplement the SHF. In addition, system development charges (SDCs) are a normal part of local transportation funding. These revenues are almost entirely limited to new transportation facilities associated with growth. They are not structured or allowed to be applied to core operations or maintenance.

Our member survey clearly shows that all cities, regardless of size, depend on the distribution of State Highway Fund (SHF) revenue. Some cities receive SHF revenue that accounts for 60 percent or more of their transportation budget. For many cities, the SHF is their only source of revenue for transportation projects and operations and maintenance programs.

This table shows the scale of the SHF distribution based on city population. Two-thirds of Oregon's 241 cities have less than 5,000 in population, so they must leverage grant funds from other sources for transportation projects of any significant scale.

Table 1.0: State Highway Fund Distribution

City	Population	State Highway Fund Dist.
Cove	670	\$50,521
Pilot Rock	1,338	\$103,872
Myrtle Point	2,508	\$200,107
Sheridan	5,987	\$498,253
La Grande	12,823	\$1,059,431
Woodburn	27,044	\$2,063,937

While there has not been much discussion related to the Small City Allotment (SCA) program, cities remain very supportive of continuing this program. For cities under 5,000, the SCA presents access to as much as \$250,000/project and a real chance for meaningful capital improvement. Since its inception in HB 2017, five million dollars have been allocated to each annual grant cycle. Typically, the grant requests exceed available funds by a factor of three, with the most recent cycle identifying 73 projects valued at over \$17 million and only \$5 million available for distribution.

Operations and Maintenance - Road Conditions

Based on the data received, the LOC estimates that Oregon's cities face an annual funding gap of \$633,221,223 for core operations and maintenance needs. This is based on the funding required to bring their street conditions to "fair" or "good" over a 20-year planning horizon." The data received from cities included assessments based on their respective transportation objectives over 10, 20, and 30-year horizons. These data points above the track with LOC's recent street conditions results. Cities rated their street conditions based on the Pavement Conditions Index (PCI), a standard rating system. This completed survey found that 41 percent of the streets were in poor to very poor condition, while streets with a "fair" rating comprised just 38 percent. These results illustrate cities' funding challenges despite significant funding increases due to HB 2017.

City Specific Examples

Madras - With a population of just over 8,000, Madras faces significant funding challenges. This includes an additional \$5.6 million annually to meet operational standards and complete the paving of unpaved streets. The SHF revenue represents 56 percent of their annual transportation budget of \$1.4 million.

Manzanita – The fate of Oregon's small cities is illustrated by the budgetary constraints faced by Manzanita, with a population of 603. Their annual transportation budget is \$240,388 and includes a SHF contribution of 20 percent, with the balance of funding coming from a subsidized general fund allocation and franchise fees. Given the limited funding ability, the city has no capital

improvement projects, has limited maintenance, and is a good example of communities facing funding hardships due to Measure 5 and 50 limitations.

Medford — With a population of 90,887, Medford receives \$6.9 million in SHF, representing 38 percent of its annual transportation program budget of \$18 million. Medford estimates that it needs an additional \$2.15 million annually to maintain current conditions and an additional \$7 million to address a backlog in street maintenance. Even with an additional \$11 million coming from other revenue sources, they also estimate an annual shortfall of \$7.2 million to meet capital improvements.

Capital Improvements

The LOC's infrastructure investment survey from the spring of 2024 identified over \$5.8 billion from 125 cities that returned surveys. While there is a range of planning timelines, we used a 20-year planning horizon to estimate needs. Based on the data submitted, cities are falling short of annual capital construction objectives of \$1,065,724,074 billion annually. This estimate is based on averaging a lane mile cost suing projected costs associated with Transportation System Plans (TSP) submitted by cities.

Cities face significant funding challenges related to capital projects, annual operations, and maintenance investments to meet their street conditions and operational objectives. To help illustrate this, we have the following data from a range of cities. This funding is a snapshot of five cities that have completed their most recent assessment as part of their respective TSP.

Table 2.0: Transportation System Plan – Funding Needs

City	Population	Capital Need	Planning Horizon
Beaverton	96,945	\$616 million	20-year
Hillsboro	107,730	\$870 million	20-year
Medford	83,098	\$551 million	20-year
Portland	630,498	\$3 billion	10-year
Lebanon	19,726	\$197 million	20-year

City Specific Examples

Bend—Bend has been among Oregon's fastest-growing communities over the last twenty years, and estimates of its capital investment exceed \$270 million. Bend's annual transportation budget is \$27.4 million, with SHF revenue over \$9.2 million. Other funding sources include franchise fees, general fund subsidies, utility fees, and System Development Charges (SDCs). Bend estimates their operations and maintenance needs are short \$ 6 million annually to meet an \$81 million backlog in deferred maintenance.

Lebanon – 56 percent of Lebanon's transportation budget comes from the SHF, which has an overall annual budget of \$2.6 million for a community with 20,000 residents. Their capital needs are just shy of \$197 million over a 20-year planning horizon. Given their current funding sources, they will be severely challenged to meet the transportation objectives.

Portland – Portland, the largest city in the state, manages transportation assets with a replacement value of \$21 billion. Portland has over 4,378 lane miles of streets, 159 bridges, 1,366 traffic signals, and 60,391 streetlights. Due to insufficient funding, the City has been unable to maintain these assets to the City's standards. The cost to bring the City's existing assets into fair or better condition is about \$600 million/year for ten years. The cost to build the projects listed in the TSP for which PBOT is a lead is about \$300 million/year for ten years.

The LOC appreciates the effort and focus of the Joint Committee on Transportation. We fully recognize there are many difficult choices ahead. We are hopeful the combination of the public input with the summer and fall road show along with this work group process have helped connect the importance of Oregon entire transportation that connects communities across Oregon.

Sincerely,

Jim McCauley Legislative Director

LOC News

Governor Releases Recommended Biennial Budget for FY 25-27

This week, Governor Kotek released her recommended budget, and the top three priorities appear to be housing/homelessness, behavior health and education funding. Oregon's budget is a tool to carry out the state's law and policy decisions. It appropriates the state's general fund, allocates the state's lottery fund, and expends the state's other funds and federal funds. The budget covers two fiscal years, meaning it runs from July 1 of an odd-numbered year to June 30 of the next odd-numbered year. For example, July 1, 2025 to June 30, 2027 would be considered a biennium.

The Oregon budget process has three major steps:

- 1. Agency Request Budgets state agencies provide budgets to the governor's office based on their programs.
- 2. Governor Recommended Budget (GRB) the governor proposes a budget based on the agency request budgets and aligns it with her vision and priorities for the state. The GRB is usually released the first week of December of even-numbered years.
- 3. Legislative Adopted Budget during the long legislative session the Oregon State Legislature starts with the GRB and makes changes based on their priorities and must pass a budget by the close of session. The Legislature may make changes to the budget over the biennium during the short session or special sessions.

After the recent revenue forecast

(https://www.orcities.org/resources/communications/bulletin/state-leaders-hear-december-revenue-forecast), the GRB anticipates \$39.4 billion of resources coming in via taxes and carry forward and has proposed a budget for \$39.3 billion.

Highlights of the GRB:

Infrastructure

- \$100 million to establish a new Housing Infrastructure Program. These new funds
 will establish a program to fund water, sewer, stormwater, and transportation
 infrastructure linked to new housing development to unlock thousands of new
 affordable and market rate rental and homeownership units.
- \$60 million in lottery bonds to recapitalize the Special Public Works Fund. This is a decrease from \$90 million in the prior biennium.
- \$31 million, including \$11 million to continue and strengthen protection of Oregon's water quality and quantity and \$20 million in lottery bonds. These funds will help protect and manage the surface and groundwaters that supply Oregonians with drinking water by supporting programs to repair or replace domestic drinking water wells; provide safe drinking water to communities experiencing drought and drinking water emergencies; and enhance protection of groundwater aquifers at risk from pollution, as well as surface waters experiencing harmful algae blooms.

Housing/Homelessness

- \$880 million new bond authority to build more affordable rental homes, permanent supportive housing and affordable homes for purchase.
- \$217.9 million to maintain Oregon's statewide system of shelters.
- \$188.2 million to maintain current efforts to transition Oregonians out of homelessness and into housing.
- \$173.2 million to maintain services to prevent Oregonians from becoming homeless in the first place.
- \$105.2 million to maintain long-term rental assistance.
- \$6.4 million in expanded investments to partner with cities and developers to expedite housing development.

Transportation

• \$7.3 billion total funds, representing a 15.3% increase from the previous biennium. This includes new revenue of \$1.75 billion, which largely covers the Oregon

Department of Transportation's funding needs, including operations and maintenance challenges. There is no additional funding recommended for local governments. For comparison, the 2017 transportation package had an infusion of \$5.3 billion of new revenue over a seven-year period. It is expected that the Legislature will identify additional revenue for the final 2025 transportation package that will also include distributions to local governments.

Behavior Health

Proposed spending for human services agencies, which includes the Oregon
 Health Authority (https://www.oregon.gov/oha/pages/index.aspx) and
 the Department of Human Services
 (https://www.oregon.gov/odhs/pages/default.aspx), asks for \$2.9 billion more
 than the current two-year budget. \$330 million is expected to go towards increasing
 the state's treatment capacity and its workforce.

Energy/Environment

- \$25 million additional investment for the Community Renewable Energy Program.
- \$1.2 million in continuing funds to address communities most affected by smoke and heat.

Wildfire

- \$150 million one-time funds from the state's reserve account to pay for immediate wildfire costs following a fire season so contractors are paid in a timely manner.
 This is being offered because the governor called a special session to fund \$218 million for wildfire costs from the 2024 wildfire season.
- \$130 million toward funding the state's wildfire readiness and mitigation efforts, bringing the funding level to SB 762 levels from the 2021 legislative session.
- The Legislature will be evaluating funding options and changes in wildfire policy to establish a more reliable and stable funding program.

MEMORANDUM

To: City Council

From: Aaron Palmquist, City Manager

Date: December 17, 2024

RE: EOA (Economic Opportunities Analysis - Item #3

This agenda item is continuous information on the progress taking place regarding Employment Lands (EOA).

Tonight, Carla Mclane, again provides the continual path forward and information for council discussion and needed opportunities in Irrigon and the long-term benefit and need for improved and clearer understanding.

MEMORANDUM

To: City Council

From: Aaron Palmquist, City Manager

Date: December 17, 2024

RE: Food Pod Project Bid Acceptance and Awards Item #4

The City of Irrigon only received Seven (7) eligible bids and opened as noted in the public procurement process. JUB Engineers has provided a breakdown of the bids along with their engineer estimate.

With the seven (7) bidders, the lowest noted and public bidder, Bolen Construction complies with the noted requirements as set forth in the bidding documents. This bidder has previously successfully completed work within the City of Irrigon (e.g. Division Multi-Use Pathway)

Staff recommends acceptance of JUB Engineers recommendation of award for the City of Irrigon – Bolen Construction for \$350,336.50 as presented and authorizing the Mayor and City Manager to sign contract documents.

RE: Food Truck Pod Project Recommendation for Award

Dear Aaron,

The Food Truck Pod Project was advertised on the QuestCDN website, the Oregon Daily Journal of Commerce, and in the Tri-City Herald. A public bid opening occurred on Thursday, November 20, 2024. There were seven bidders on the project: Bolen Construction LLC, Nelson Construction Corp, Dax Moreno Construction Company LLC, Beam Excavating Inc., Western Construction of Lewiston Inc., Capture Energy LLC, and Granite Construction Company. The bid abstract is attached. The total prices are summarized as follows:

	Base Bid Total
Engineers Estimate	\$296,870.00
Bolen Construction LLC	\$350,336.50
Nelson Construction Corp	\$476,476.00
Dax Moreno Construction Company LLC	\$500,909.49
Beam Excavating Inc.	\$521,196.00
Western Construction of Lewiston Inc.	\$562,154.00
Capture Energy LLC	\$594,855.00
Granite Construction Company	\$632,083.50

Bolen Construction LLC was the low bidder, and we recommended awarding the project to them for the amount of \$350,336.50.

Attached to this letter is a summary of the bid evaluation that was conducted for Bolen Construction LLC.

Attached to this letter is an Intent to Award the project to Bolen Construction LLC. Once you have reviewed (and accepted), we will post this intent on the QuestCDN website. The intent to award is

J-U-B FAMILY OF COMPANIES

required to be posted a minimum of seven days (per ORS 279C.375) prior to issuing the Notice of Award and execution of the Contract.

Sincerely,

Cliff Woods, PMP

NOTICE OF INTENT TO AWARD Food Truck Pod Project

The <u>City of Irrigon</u> announces its intent to award the contract for the <u>Food Truck Pod Project</u> to <u>Bolen Construction LLC</u> for the amount of <u>Three hundred fifty thousand, three hundred thirty-six dollars and fifty cents (\$350,336.50).</u>

This Notice of Intent to Award is subject to execution of a written contract and, as a result, this Notice does NOT constitute the formation of a contract between the <u>City of Irrigon</u> and the apparent successful bidder. The bidder shall not acquire any legal or equitable rights relative to the contract services until a contract containing terms and conditions acceptable to the <u>City of Irrigon</u> is executed. If the apparent successful bidder fails to negotiate and execute a contract with the <u>City of Irrigon</u>, the <u>City of Irrigon</u> may revoke the award and award the contract to the next lowest bidder or withdraw the Bid. The <u>City of Irrigon</u> further reserves the right to cancel this Notice of Intent to Award at any time prior to the execution of a written contract.

This Notice of Intent to Award starts the seven (7) day period in which an unsuccessful bidder may file a bidder appeal pursuant to ORS 279C.375.

Thank you for participating in the competitive selection process.

Dated this 2nd day of December, 2024.

MEMORANDUM

To: City Council

From: Aaron Palmquist, City Manager

Date: December 17, 2024

RE: 2024 Annual Audit Report Item # 5

The 2023/24 Annual Audit Report has been successfully completed. Our audit is present Rebecca Price, CPA. This year's process went well and in a timely manner. Staff provided due diligence of handling and entering information correctly.

During the interview with our auditor no violations were noted. Staff continues to work diligently toward the on-going goal of strengthening the city's fiscal position. This is noted in the audit report.

Staff recommends that the City Council affirm and accept the auditor's report and then submit to the Oregon Secretary of State.

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and City Council City of Irrigon Irrigon, Oregon 97844

Opinions

I have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the City of Irrigon, Oregon, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and each major fund of the City, as of June 30, 2024 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the Unites States of America.

Basis for Opinions

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. My responsibility under those standards is further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of the City of Irrigon, Oregon, and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Irrigon, Oregon's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Honorable Mayor and City Council of the City of Irrigon
Page 2 of 2

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate
 in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Irrigon,
 Oregon's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial
 doubt about the City of Irrigon, Oregon's ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, pension liability information, and other post-employment benefit liability information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the management's discussion and analysis, pension liability information, and other post-employment benefit liability information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the management's discussion and analysis, pension liability information, and other post-employment benefit liability information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

The budgetary comparison information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Supplementary Information

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Irrigon, Oregon's basic financial statements. The supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Information

Other Reporting Required by Minimum Standards for Audits of Oregon Municipal Corporations

In accordance with Minimum Standards for Audits of Oregon Municipal Corporations, I have also issued my report dated November 8, 2024, on my consideration of the City's internal control over financial reporting and on tests of its compliance with the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules OAR 162-10-000 to 162-10-320. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion.

REBECCA PRICE, CPA

Gilroy, California November 8, 2024

Management's Discussion and Analysis

Our discussion and analysis of City of Irrigon's financial performance provides an overview of the city's financial activities for the fiscal year ending June 30, 2024. Please read it in conjunction with the city's financial statements, which begin on page 10.

Financial Highlights

- Net position from governmental activities increased \$3,130,676 or approximately 41%
- Net position from business-type activities increased \$1,000,346 or approximately 7%

Basis of Accounting

The government-wide and proprietary fund financial statements report using the economic resources measurement focus and the accrual basis of accounting. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting.

Using This Annual Report

This annual report consists of a series of financial statements. The government-wide financial statements start on page 10 and are designed to provide readers with a broad overview of the city's finances in a manner like a private-sector business. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when related cash flows take place. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied and revenue from grants, entitlements and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied. The statement of net position presents financial information on all the city's assets, liabilities, and deferred inflows/outflows of resources with the difference reported as net position. Over time increases or decreases in net position may serve as a useful indicator of whether the financial position of the city is improving or deteriorating. The statement of activities presents information showing how the city's net position has changed in the fiscal year. All changes are reported as soon as the underlying event giving rise to the event occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported for some items that will only result in cash flows in future fiscal periods such as uncollected taxes and earned but unused vacation leave.

The city, like other states and governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The fund financial statements provide information about the city's individual funds. A fund is a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances that are separate for the purpose of carrying on specific activities or attaining certain objectives.

The City of Irrigon uses two types of funds - governmental funds and proprietary funds. Governmental funds account for the general operations of a government. Proprietary funds account for the business-type operations of a government such as the water and sewer funds.

The City as a Whole

The city's total assets and deferred outflows of resources exceeded total liabilities and deferred inflows by \$26,157,857 at the end of the 2024 fiscal year. This is an increase of \$4,131,022 or approximately 19% from the previous fiscal year's amount of \$22,026,835 as demonstrated in the following table, comparing net position between fiscal year 2024 and fiscal year 2023.

The city's total assets increased \$5,071,156, deferred outflows of resources decreased \$44,460, liabilities increased \$1,019,663, and deferred inflows of resources decreased \$123,988.

Revenues totaled \$7,398,145 and total expenses were \$3,267,123 resulting in the \$4,131,022 increase in net position. The total employer pension liability increased \$41,971 from \$813,917 in 2023 to \$855,888 in 2024.

Current assets increased \$2,197,745, largely due to the receipt of grant funding. Current assets **are assets that are expected to** either be converted to cash or used to pay **current** liabilities within 12 months. Capital assets are

depreciated over their estimated useful lives using the straight-line method. The total amount of capital asset depreciation for the fiscal year was \$647,591.

Governmental Activities

Net position of the city's governmental activities increased \$3,126,351, approximately 41%. The following statement of activities for governmental activities will give a better understanding of how this came to be. The report below is for reference and comparison between the current period being reported and the previous period.

Statement of Activities Summary
Governmental Activities for the years ended June 30, 2024 and 2023

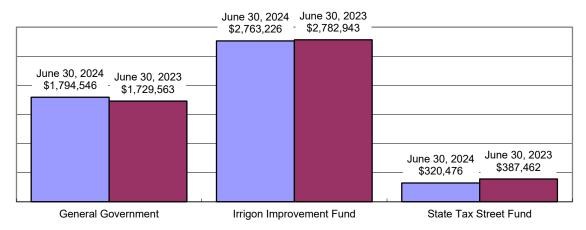

Revenues	2023-2024	2022-2023	Difference			
Property Taxes	\$ 417,603	\$ 448,675	\$ (31,072)

Street Services	339,755	304,143	35,611			
Interest on Long Term Debt	95,709	91,923	3,786			
Total Expenditures	1,782,156	1,675,388	106,767			
Increase (Decrease) in net assets before transfers	3,377,609	1,303,699	2,073,910			
Transfers	(246,933)	16,703	(263,636)			
Net Change in Net Position	\$ 3,130,676	\$ 1,320,402	\$ 1,810,274			

The city's revenue in Governmental Activities was \$5,159,765 with expenditures of \$1,782,156 and transfers out of \$246,933 that resulted in the increase of net position of \$3,130,676, \$1,810,274 more than the prior year. The city received \$2,103,664 more in grant resources than the year before and did not dispose of any assets in the fiscal year.

Overall expenditures for the city's governmental activities increased approximately 6% from the previous fiscal year.

The following Governmental Funds Balance Comparison Graph is based on the fund financial statements on pages 12 thru 15. This graph compares the fund balances as of June 30, 2024, to the fund balances as of June 30, 2023. The General fund balance increased \$64,982, approximately 4% largely due to the increase in return on deposits with the Oregon State Investment Pool and a significant decrease in spending of reserves. The Irrigon Improvement Fund balance decrease slightly \$19,717, less than 1% of a percent even though the city received \$1,620,452 in operating grants and contributions, which fund community enhancement projects throughout the Irrigon area. The State Tax Street Fund balance decreased \$66,986, approximately 17% due mostly to the final disbursement of \$55,555.43 of the HB2017 grant 32610 through ODOT being delayed until after final approval of the project by Oregon Department of Transportation. This disbursement was not received in time to be considered available revenue for project expenditures in the period being reported.

Governmental Funds Balances Comparisons

Business-Type Activities

Net Position for business-type activities increased \$1,000,346, approximately 7%. The statements of activities for the business-type activities will give a better understanding of how this came to be. The table below is for reference and comparison between the current period and the previous period.

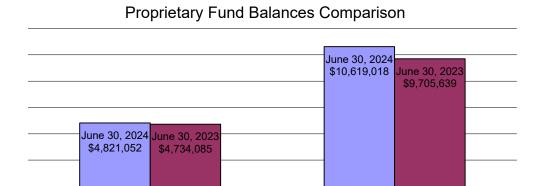

Statement of Activities Summary
Business Type Activities for the years ended June 30, 2024 and 2023

Revenues		023-2024	2	2022-2023	Difference		
Charges for Services	\$	1,641,219	\$	1,536,875	\$	104,344

Water		606,645		604,590		2,055	
Sewer		878,322		919,741		(41,420)	
Total Expenses		1,484,967		1,524,331		(39,364)	
Increase (decrease) in net assets before							
transfers and gain on disposal of real property		753,413		69,319		684,094	
Gain on Disposal of Assets						-	
Transfers in (out)		246,933		(16,703)		263,636	
Change in Net Position		1,000,346		52,615		947,731	

The business type activity revenue for the fiscal year was \$2,238,380; expenses were \$1,484,967; and net transfers in from governmental activities were \$246,933 resulting in net position increasing \$1,003,346. The business type activities received \$644,730 more in revenues and \$39,364 less in expenses than in the prior year. The expenses of the proprietary activities totaled \$1,481,967, a decrease of approximately 3% from the prior year. Water expenses increased by less than 1%, and sewer expenses decreased 4.8%. The capital asset depreciation expense was \$491,277 or approximately 33% of total expenses.

The Proprietary Funds Balance Comparison Graph presented below compares the fund balances as of June 30, 2024, to the fund balances as of June 30, 2023, for the water funds and the sewer funds. The water fund balance increased \$86,964 from the previous year's total. The sewer fund balance increased \$913,375 from the previous

year. This is largely due to principal forgiveness awarded on the loan for the Sewer Conversion Project of \$500,000, as well as an increase in charges for services.

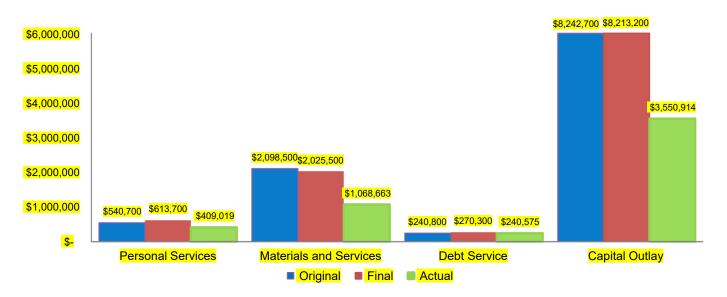

Budgetary Highlights

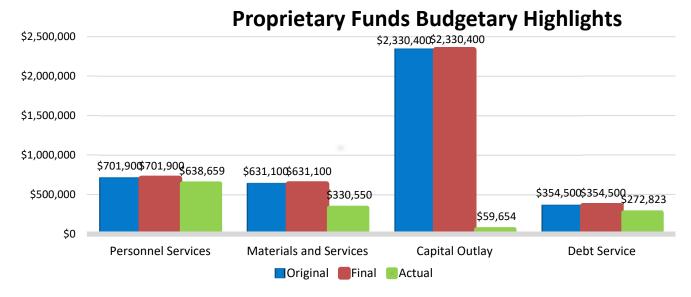

Water Funds

Governmental Funds Budgetary Highlights

Sewer Funds

The total governmental funds expenditures for the fiscal year were below the appropriations approved by the city council. Overall governmental funds personnel service expenditures were \$204,681 below budgeted amount allowing for the pay out of all accrued employee leave and any increase in personnel benefits; materials and services were \$956,837 below budgeted amount; Debt Service was \$29,725 below budgeted amount and Capital Outlay was \$4,662,286 below budgeted amount. The city has several projects in planning and design stages, and money is being set aside for these. These projects are in the budget and account for the difference between budgeted and actual.

The proprietary funds total expenditures for the fiscal year were below the total appropriations approved by the city council. Total proprietary funds personnel services expenditures were \$63,241 below the approved budget amount, materials and services were \$300,550 below the budget amount, capital outlay was \$2,270,746 below the budgeted amount and debt service was \$81,677 below the budgeted amount.

Debt Covenants

The Sewer Fund is required by the State of Oregon acting by and through its Department of Environmental Quality to establish a loan reserve equal to one half of the average annual debt service to be used solely for making payments of principal and interest if no other funds are available. The loan reserve requirement was \$83,449 at the end of the year. This was the total restricted net position in the Sewer Fund.

At year end the Water Fund reported restricted cash of \$73,372 for customer utility account deposits.

Significant Capital Asset and Long-term Debt Activity

The Sewer Conversion Project – Area 3 was completed and accepted by city council December 19, 2023. This project was partially funded by a loan through the Department of Environmental Quality, in which the city received \$500,000 principal forgiveness.

In Senate Bill 1530 the City of Irrigon was appropriated \$1,705,000 for installing water and sewer infrastructure to the Tumbleweed and Molly Developments. This is anticipated to have the bid go out this fall to secure a contractor for the designed work.

City of Irrigon has made application for a total up to \$390,000.00 to Umatilla Electric Cooperative (UEC) and Morrow County Development (MCD) for the NE Fourth Street Food Pod development. These loans combined have a payback of up to 10 years at 3.25 and 6 percent through the UEC and MCD respectfully. Resources to pay back these loans will come from the annual Columbia River Enterprise Zone resources.

Economic Factors and Next Year's Budget and Rates

Total Budget Authority for the 2024-2025 fiscal year is \$19,190,000. This is an increase of \$3,292,600 from the budget authority of \$15,897,400 in the 2023-2024 budget year.

The City's permanent governmental tax rate is \$3.6782 per \$1,000 assessed value. The permanent tax rate is expected to raise an estimated \$289,100, allowing for uncollectible tax payments and discounts for early payment. The voters have approved general obligation bonds for both water and sewer, which allows the city to levy taxes to make the annual payments on the bond. The annual payment totals \$241,823.75. The city has continued with a tax on property to cover necessary payments on the bonded debt of approximately 2.4945 per \$1,000 of assessed value. This is estimated to generate \$196,800 with the remainder being paid with service fees charged to users outside city.

Requests for Information

This financial report is to provide a general overview of the city's finances and to show the city's accountability for the money it receives to all those with an interest in the government's finances. Questions regarding this report or requests for additional financial information should be directed at the following address: City of Irrigon 500 NE Main Ave. Irrigon, OR 97844.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES June 30, 2024

Total net change in fund balances - governmental funds	\$ (107,468)
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	3,394,598
Capital assets were purchased in the governmental funds and transferred to the proprietary funds. The transfer is recorded on the Statement of Activities as a transfer but an expenditure in the governmental funds.	(285,100)
Because some property taxes will not be collected for several months after the City's fiscal year ends, they are not considered "available" revenues and are unavailable in the governmental funds. Unavailable property tax revenues increased (decreased) by this amount.	5,753
Because some revenue will not be collected for several months after the City's fiscal year ends, they are not considered "available" revenues and are unearned in the governmental funds. Unearned revenues increased (decreased) by this amount.	44,037
Governmental funds report pension contributions as expenditures. However in the Statement of Activities, the cost of pension benefits earned net of employee contributions is reported as pension expense.	(39,309)
Long-term liabilities are not due and payable in the current period and therefore, are not reported in the funds	174,271
Governmental funds report Other Post Employment Benefits (OPEB) contributions as expenditures. However, in the statement of activities, the cost of OPEB benefits earned net of employee contributions is reported as OPEB expense.	(356)
In the Statement of Activities, compensated absences are measured by the amounts earned during the year. In the governmental funds, however, expenditures for compensated absences are measured by the amount of financial resources used. Accrued compensated absences (increased) decreased by this amount in the current year.	(12,785)
Changes in net position of governmental activities	\$ 3,173,641

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

The accompanying financial statements present the activities of the City of Irrigon, Oregon. The City of Irrigon, Morrow County, Oregon (the City), was incorporated as a municipal corporation in 1957. The government of the City is vested in a Common Council and a Mayor. The Council members are elected at large for terms of four years. The Mayor is elected by the Council to serve a term of two years. The City Manager is appointed by majority of Council. The City Manager oversees the hiring, supervising and removal of all other employees per city charter. The City is legally and financially independent of other state and local government units, has the power to levy taxes, is responsible for its debts, and is entitled to any surpluses.

B. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

Government-Wide Financial Statements: The Statement of Net Position and Statement of Activities display information about the primary government (the City). These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double-accounting of internal activities. These statements distinguish between governmental and business-type activities of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees, fines and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the City's funds. Separate statements for each fund category, governmental and proprietary, are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental funds and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associates with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

The City reports the following major governmental funds:

General Fund - This is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The Governmental Reserve Fund which accounts for the payment of accrued leave, building maintenance and upkeep, bicycle/footpath improvements, capital equipment expenditures and capital improvements to infrastructure for the park system has been combined with the General Fund in the governmental fund financial statements but is budgeted and presented separately in the budgetary schedules.

Irrigon Improvements Fund - This fund accounts for resources received from outside sources used for community improvements.

State Tax Street Fund - This fund accounts for Oregon highway monies, special grants, and other monies required to be spent on streets.

Additionally, the City reports the following fund type (as nonmajor funds):

Debt service funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

The City reports two major proprietary funds. These funds are used to account for the acquisition, operation, and maintenance of water and sewer systems. These funds are entirely or predominantly self-supported through user charges to customers. The City reports the following major proprietary funds:

NOTES TO THE BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Water Fund

- Water Operation & Development Fund (budgetary basis financial statements only)
- Water Reserve Fund (budgetary basis financial statements only)
- Water Debt Service Fund (budgetary basis financial statements only)

Sewer Fund

- Sewer Operation & Development Fund (budgetary basis financial statements only)
- Sewer Reserve Fund (budgetary basis financial statements only)
- Sewer Debt Service Fund (budgetary basis financial statements only)

Government-wide and Proprietary Fund Financial Statements: The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Property taxes, sales taxes, franchise taxes, licenses, and interest are considered to be susceptible to accrual. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net resources available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

C. FINANCIAL POSITION

Deposits and investments

The cash balances of substantially all funds are pooled and invested by the City for the purpose of increasing earnings through investment activities. The pool's investments are reported at fair value at June 30, 2024, based on market prices. The individual fund's portion of the pool's fair value is presented as cash and cash equivalents. Earnings on the pooled funds are apportioned and paid or credited to the funds monthly based on the ending balance of each participating fund.

Cash and Cash Equivalents

The City's cash and cash equivalents include cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. The separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has multiple items, which arises under

NOTES TO THE BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

the accrual and modified accrual basis of accounting that qualify for reporting in this category. The governmental funds reports unavailable property tax revenue. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The government-wide statements of the City also report both deferred outflows and inflows related to the pension and other post employment benefits.

Property Tax Calendar

Property taxes attach as an enforceable lien on July 1, when they are levied, and until they are paid. Taxes are due in one-third increments on November 15, February 15, and May 15. Unpaid taxes are considered delinquent after November 15.

Property tax revenues are recognized when they become available. Available includes those property tax receivables expected to be collected within sixty days after year end. Delinquent taxes are considered fully collectible and, therefore, no allowance of uncollectible taxes is provided.

Property tax revenues are accounted for on the accrual basis of accounting in the government-wide statements and are recognized when earned.

Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated fair value at the date of donation. Major capital asset additions are financed primarily from bond proceeds. The normal cost of maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. A capitalization threshold of \$5,000 is used for assets that have initial useful lives extending beyond a single reporting period.

Capital assets of the City are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings	80-100
Machinery and Equipment	20-30
Water and Sewer Systems	40-50
Infrastructure	30-40

Compensated Absences

The liability for compensated absences reported in the government-wide statements consists of unpaid, accumulated vacation and sick leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included.

D. NET POSITION/FUND BALANCE CLASSIFICATIONS

Government-Wide Statements

Equity is classified as net position and displayed in three components:

- a. Net Investment in capital assets Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets and adjusted for any deferred inflows and outflows of resources attributable to capital assets and related debt.
- b. Restricted net position Consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets, with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position Net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

NOTES TO THE BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

It is the City's policy to first use restricted net resources prior to the use of unrestricted net resources when an expense is incurred for purposes for which both restricted and unrestricted net resources are available.

Fund Financial Statements

In the governmental funds the difference among assets, deferred outflows, liabilities, and deferred inflows of governmental funds is reported as fund balance and classified as nonspendable, restricted, committed, assigned, and unassigned based on the respective level of constraint. The constraints are defined as follows:

Nonspendable, such as fund balance associated with inventories, prepaid expenses, long-term loans and notes receivable, and property held for resale (unless the proceeds are restricted, committed, or assigned),

Restricted fund balance category includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation,

Committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the City Council (the City's highest level of decision-making authority),

Assigned fund balance classification are intended to be used for specific purposes but do not meet the criteria to be classified as restricted or committed, and

Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications.

For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance, and lastly unassigned fund balance.

The City has no formal minimum fund balance policies or any formal stabilization arrangements in place.

E. ACCOUNTING ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from these estimates. Depreciation Expense, Accumulated Depreciation, Property Taxes Receivable, Allowance for Uncollectible Accounts, and Unearned Revenue accounts have been subject to estimation.

NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

BUDGETARY COMPLIANCE

The City budgets all funds which are subject to budget requirements of state law. The City Council legally adopts the budget by resolution before July 1. The resolution authorizing appropriations for each fund sets the level by which expenditures cannot legally exceed appropriations. The level of control (total personal services, materials and services, capital outlay, and other expenditures) is established by resolution for all funds. The City budgets sub funds of the water and sewer fund that are combined in the supplemental information and presented as a single fund in the fund financial statements.

The detail budget document is required to contain more specific, detailed information for the aforementioned expenditure categories. Unexpected additional resources may be added to the budget through the use of a supplemental budget and appropriations ordinance. A supplemental budget that differs by 10 percent or more of any one of the individual funds contained in the original budget for that fiscal year requires hearings before the public, publications in newspapers, and approval by the City Council. Original and supplemental budgets may be modified by the use of appropriation transfers between the levels of control. Such transfers require approval by the City Council.

NOTES TO THE BASIC FINANCIAL STATEMENTS For the Year Ended June 30, 2024

NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (Cont'd)

Appropriations that have not been expended at year-end lapse and subsequent actual expenditures are then charged against ensuing year's appropriations.

EXCESS OF EXPENDITURES OVER APPROPRIATIONS

There were no expenditures that exceeded the budgeted appropriations for the fiscal year ended June 30, 2024.

DEFICIT FUND BALANCES

No funds had a deficit fund balance as of June 30, 2024.

NOTE 3 – DETAILED NOTES ON ALL FUNDS

A. DEPOSITS AND INVESTMENTS

Cash and cash equivalents as of June 30, 2024 consisted of the following:

Deposit in Financial Institution	\$ 1,381,466
Petty Cash	200
Deposit in Local Government Investment Pool	 7,856,968
Total	\$ 9,238,633

Deposits

Deposits with financial institutions are comprised of bank demand deposits. Total bank balances, as shown on the bank's records at yearend were \$1,390,495. Federal Deposit Insurance Corporation (FDIC) insurance covers up to \$250,000 for all demand deposits owned by a public unit.

Custodial credit risk – deposits. This is the risk that in the event of bank failure, the City's deposits may not be returned to it. The City does not have a formal policy for custodial credit risk, but follows the requirements of ORS 295. Insurance and collateral requirements for deposits are established by banking regulations and Oregon law. Where interest-bearing balances exceed the Federal Deposit Insurance amount of \$250,000, the balances are covered by collateral held in a multiple financial institution collateral pool (ORS 295.015) administered by the Oregon Office of the State Treasurer in the Public Funds Collateralization Program (PFCP).

Investments

The City has delegated investment responsibilities to the City Manager, who is primarily responsible for implementing the investment policy. The City currently does not have any written investment policies implemented.

Credit risk: State statutes authorize the City to invest primarily in general obligations of the U.S. Government and its agencies, certain bonded obligations of Oregon municipalities, bank repurchase agreements, bankers' acceptances, certain commercial papers and the State Treasurer's investment pool, among others. The City has no formal investment policy that further restricts its investment choices.

Custodial Credit Risk: This is the risk that, in the event of the failure of a counterparty, the City will not be able to recover the value of its investments or collateralized securities that are in the possession of an outside party. The City does not have a policy that limits the amount of investments that can be held by counterparties.

The Local Government Investment Pool (LGIP) is administered by the Oregon State Treasury with the advice of other state agencies and is not registered with the U.S. Securities and Exchange Commission. The LGIP is an open-ended no-load diversified portfolio offered to any agency, political subdivision, or public corporation of the state that by law is made the custodian of, or has control of any fund. The LGIP is commingled with the State's short-term funds. In seeking to best serve local governments of Oregon, the Oregon Legislature established the Oregon Short-Term Fund Board, which has established diversification percentages and specifies the types and maturities of the investments. The purpose of the Board is to advise the Oregon State Treasury in the management and investment of the LGIP. These investments within the LGIP must be invested and managed as a prudent investor would, exercising reasonable care, skill and caution. The LGIP's credit quality is unrated.

NOTES TO THE BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2024

NOTE 3 – DETAILED NOTES ON ALL FUNDS (Cont'd)

Professional standards indicate that the investments in external investment pools are not subject to custodial risk because they are not evidenced by the securities that exist in physical or book entry form. Nevertheless, management does not believe that there is any substantial custodial risk related to investments in the LGIP. The fair value of the City's position in the LGIP is the same as the value of the pool shares.

Concentration risk: The City does not have a formal policy that places a limit on the amount that they may be invested in any one investment. The City has concentrations in the following investments: Local Government Investment Pool. These investments are 100% of the City's total investments.

Interest rate risk: The City does not have a formal investment policy that limits investment maturities as a means of managing its exposures to fair value losses arising from increasing interest rates.

B. RECEIVABLES

Accounts receivable, grants receivable and other receivables from government agencies are generally expected to be collectible and, therefore an allowance for uncollectible is not considered necessary or recorded. The City uses the direct write-off method and expenses uncollectible accounts when they are deemed uncollectible.

All accounts receivable are expected to be collected within one year.

Qwest Lease

The City entered into a ground lease agreement to lease a 50' by 50' tract on NE Eighth Street to Qwest Corporation dba Century Link. The lease is for a term of 10 years with an option to renew for 5 years which is reasonably certain to be exercised. Annual payments of \$16,800 were due starting June 1, 2016. The payments will increase to \$17,220 after the 10th year. The assumed interest rate to be charged is 0.92%.

US Cellular Lease

The City entered into a ground lease agreement to lease a 50' by 50' tract on Columbia Lane to US Cellular dba Oregon RSA #2. The lease is for a term of 5 years with an option to renew for an addition 5 terms of 5 years each which is reasonably certain to be exercised. Monthly payments of \$950 were due starting September 3, 2019. The payments will increase annually by 3%. The assumed interest rate to be charged is 2.565%.

Capitalized Interest

Interest costs are capitalized when incurred by proprietary funds on debt where proceeds were used to finance the construction of assets. Interest earned on proceeds of tax-exempt borrowing arrangements restricted to the acquisition of qualifying assets is offset against interest costs in determining the amount to be capitalized. \$166,019 of interest was incurred, all of which was charged to expense during the fiscal year ended June 30, 2024.

Interest expense on long-term debt has been charged as a direct activity expense on the Statement of Activities as follows:

Business-Type Activities:

Water \$ 10,532 Sewer 59,778

Debt Covenants

The Sewer Fund is required by the State of Oregon acting by and through its Department of Environmental Quality to establish a loan reserve equal to one half of the average annual debt service to be used solely for making payments of principal and interest if no other funds are available. The loan reserve requirement was \$83,449 at the end of the year. This was the total restricted Net Position in the Sewer Fund. At year end the Water Fund reported restricted as of \$76,172 as detailed below, which meets the current requirement.

	C	Customer				
	D	Deposits				
Beginning Restriction	\$	69,272				
Current Year Restriction		6,900				
Line Replacements		-				
Ending Restriction	\$	76,172				

NOTES TO THE BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2024

NOTE 3 - DETAILED NOTES ON ALL FUNDS (Cont'd)

E. GRANTS

In the normal course of operations, the City receives grant funds from various Federal and State agencies. The grant programs are subject to audit by agents of the granting authority to ensure compliance with conditions of the grant. Any liability for reimbursement which may arise as the result of a grantor audit is not believed to be material.

F. INTERFUND TRANSFERS

Transfers for the year ended June 30, 2024, consisted of the following:

	Transfer out								
	Sta	te Street							
Transfer in	Fund		Water Fund		Sewer Fund			Totals	
General Fund	\$	1,649	\$	9,000	\$	9,000	\$	19,649	
Nonmajor governmental funds				4,944		15,224		20,168	
Totals	\$	1,649	\$	13,944	\$	24,224	\$	39,817	

Transfers are used to (1) move from proprietary enterprise funds to reserve funds for future expenditures, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) move from proprietary reserve funds to general fund to reimburse for administrative fees.

T-4-1

G. FUND BALANCE CLASSIFICATION

Fund balances by classification for the year ended June 30, 2024 were as follows:

	Irrigon							Total	
	General		Improvements		State Street		Governmental		
	Fund		Fund		Tax Fund		Funds		
Fund balances:									
Restricted for:									
Bike/Foot Paths	\$	25,198	\$	-	\$	-	\$	25,198	
SDC Capital Improvements		36,981		-		-		36,981	
Committed for:									
Accrued Leave		95,138		-		-		95,138	
Building Maintenance		30,568		-		-		30,568	
Equipment Replacement		29,714		-		-		29,714	
Improvements		-		2,763,227		-		2,763,227	
Construction		930,270		-		-		930,270

NOTES TO THE BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2024

NOTE 3 - DETAILED NOTES ON ALL FUNDS (Cont'd)

H. PRIOR PERIOD ADJUSTMENTS

Adjustments were made to the beginning fund balances/net positions as follows:

- 1. Reclassification of GO Bond Funds The Water GO Bond Fund and the Sewer GO Bond Fund were determined to be governmental activities and have been reported in the funds as governmental debt service funds and governmental activities on the government-wide financial statements. Beginning net position for Business-type Activities on the Statement of Activities and Water Fund and Sewer Fund on the fund financial statements has been adjusted accordingly.
- 2. Grant revenue recognition It was determined that some grant revenue met the conditions to be recognized as revenue in the fiscal year ended June 30, 2023. The beginning balance of the Irrigon Improvement Fund has been adjusted to reflect the increase in revenue for that fiscal year.
- 3. Land sale proceeds It was determined that proceeds from an installment land sale met the conditions to be recognized as revenue in the General Fund (or Governmental Reserve Fund for budgetary reporting) for the fiscal year ended June 30, 2023. The beginning balance of the General Fund has been adjusted to reflect the increase in revenue for that fiscal year.

NOTE 4 – OTHER INFORMATION

A. PENSION PLAN

GENERAL INFORMATION ABOUT THE PENSION PLAN

Plan Description.

Employees of the City are provided with pensions through Oregon Public Employees Retirement System (OPERS) a cost-sharing multiple-employee defined benefit plan, the Oregon Legislature has delegated authority to the Public Employees Retirement Board to administer and manage the system. All benefits of the system are established by the legislature pursuant to Oregon Revised Statute (ORS) Chapters 238 and 238A. Tier One/Tier Two Retirement Benefit plan, established by ORS Chapter 238, is closed to new members hired on or after August 29, 2003. The Pension Program, established by ORS Chapter 238A, provides benefits to members hired on or after August 29, 2003. OPERS issues an independently audited Comprehensive Annual Financial Report which can be obtained at: http://www.oregon.gov/pers/Pages/section/financial reports/financials.aspx.

If the link is expired, please contact Oregon PERS by writing to the Fiscal Services Division, Public Employees Retirement System, 11410 SW 68th Parkway, PO BOX 23700, Tigard, Oregon, 97281.

Benefits Provided

Tier One/Tier Two Retirement Benefit (ORS Chapter 238)

1. Pension Benefits – The OPERS retirement allowance is payable monthly for life. It may be selected from 13 retirement benefit options. These options include survivorship benefits and lump-sum refunds. The basic benefit is based on years of service and final average salary. A percentage (1.67 percent for general service employees) is multiplied by the number of years of service and the final average salary. Benefits may also be calculated under either a formula plus annuity (for members who were contributing before August 21, 1981) or a money match computation if a greater benefit results. Monthly payments must be a minimum of \$200 per month or the member will receive a lump-sum payment of the actuarial equivalent of benefits to which he or she is entitled.

Under Senate Bill 1049, passed during the 2019 legislative session, the salary included in the determination of Final Average Salary will be limited for all members beginning in 2021. The limit will be equal to \$197,730 in 2021 and will be indexed with inflation in later years.

A member is considered vested and will be eligible at minimum retirement age for a service retirement allowance if he or she has had a contribution in each of five calendar years or has reached at least 50 years of age before ceasing employment with a participating for employer. General service employees may retire after reaching age 55. Tier One general service employee benefits

NOTES TO THE BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2024

NOTE 4 - OTHER INFORMATION (Cont'd)

are reduced if retirement occurs prior to age 58 with fewer than 30 years of service. Tier Two members are eligible for full benefits at age 60. The ORS Chapter 238 Defined Benefit Pension Plan is closed to new members hired on or after August 29, 2003.

- 2. Death Benefits Upon the death of a non-retired member, the beneficiary receives a lump-sum refund of the member's account balance (accumulated contributions and interest). In addition, the beneficiary will receive a lump-sum payment from employer funds equal to the account balance, provided one or more of the following conditions are met:
 - Member was employed by a PERS employer at the time of death,
 - Member died within 120 days after termination of PERS-covered employment,
 - Member died as a result of injury sustained while employed in a PERS-covered job, or
 - Member was on an official leave of absence from a PERS-covered job at the time of death.
- 3. Disability Benefits A member with 10 or more years of creditable service who become disabled from other than duty-connected causes may receive a non-duty disability benefit. A disability resulting from a job-incurred injury or illness qualifies a member (including PERS judge members) for disability benefits regardless of the length of PERS-covered service. Upon qualifying for either a non-duty or duty disability, service time is computed to age 58 when determining the monthly benefit.
- 4. Benefit Changes After Retirement Members may choose to continue participation in a variable equities investment account after retiring and may experience annual benefit fluctuations due to changes in the market value of equity investments. Under ORS 238.360 monthly benefits are adjusted annually through cost-of-living (COLA) changes. The COLA is capped at 2.0 percent.

OPSRP Pension Program (OPSRP DB)

- 1. Pension Benefits The Pension Program (ORS Chapter 238A) provides benefits to members hired on or after August 29, 2003. This portion of OPSRP provides a life pension funded by employer contributions. Benefits are calculated with the following formula for members who attain normal retirement age:
 - 1.5 percent is multiplied by the number of years of service and the final average salary. Normal retirement age for general service members is age 65, or age 58 with 30 years of retirement credit.

Under Senate Bill 1049, passed during the 2019 legislative session, the salary included in the determination of final salary will be limited for all members beginning in 2021. The limit will be equal to \$197,730 in 2021 and will be indexed with inflation in later years.

A member of the OPSRP pension program becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, and, if the pension program is terminated, the date on which termination becomes effective.

- 2. Death Benefits Upon the death of a non-retired member, the spouse or other person who is constitutionally required to be treated in the same manner as the spouse, receives for life 50 percent of the pension that would otherwise have been paid to the deceased member.
- 3. Disability Benefits A member who has accrued 10 or more years of retirement credits before the member becomes disabled or a member who becomes disabled due to job-related injury shall receive a disability benefit of 45 percent of the member's salary determined as of the last full month of employment before the disability occurred.
- 4. Benefit Changes after Retirement Under ORS 238A.210 monthly benefits are adjusted annually through cost-of-living changes. Under current law, the cap on the COLA in fiscal year 2015 and beyond will vary based on 1.25 percent on the first \$60,000 of annual benefit and \$750 plus 0.15 percent on annual benefits above \$60,000.

OPSRP Individual Account Program (OPSRP IAP)

Pension Benefits – The Individual Account Program (IAP) is a defined contribution pension plan. An IAP member becomes vested
on the date the employee account is established or on the date the rollover account was established. If the employer makes optional
employer contributions for a member, the member becomes vested on the earliest of the following dates: the date the member

NOTES TO THE BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2024

NOTE 4 - OTHER INFORMATION (Cont'd)

completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, the date the IAP is terminated, the date the active member becomes disabled, or the date the active member dies.

Upon retirement, a member of the OPSRP Individual Account Program (IAP) may receive the amounts in his or her employee account, rollover account, and vested employer account as a lump-sum payment or in equal installments over a 5-, 10-, 15-, 20-year period or an anticipated life span option. Each distribution option has a \$200 minimum distribution limit.

- 2. Death Benefits Upon the death of a non-retired member, the beneficiary receives in a lump sum the member's account balance, rollover account balance, and vested employer optional contribution account balance. If a retired member dies before the installment payments are completed, the beneficiary may receive the remaining installment payments or choose a lump-sum payment.
- 3. Recordkeeping OPERS contracts with VOYA Financial to maintain IAP participant records.

Contributions

- 1. Employer Contributions PERS funding policy provides for monthly employer contributions at actuarially determined rates. These contributions, expressed as a percentage of covered payroll, are intended to accumulate sufficient assets to pay benefits when due. This funding policy applies to the PERS Defined Benefit Plan and the Other Postemployment Benefit Plans. Employer contribution rates during the period were based on the December 31, 2019 actuarial valuation. The rates based on a percentage of payroll, first became effective July 1, 2021. Effective January 1,2020, Senate Bill 1049 required employers to pay contributions on re-employed PERS retirees' salary as if they were an active member, excluding IAP (6 percent) contributions. Employer contributions for the year ended June 30, 2024 were \$123,690, excluding amounts to fund employer specific liabilities. The rates in effect for the fiscal year ended June 30, 2024 were 22.69 percent for Tier One/Tier Two members, 20.67 percent for OPSRP Pension Program members, and 6 percent for OPSRP Individual Account Program.
- 2. Employee Contributions Beginning January 1, 2004, all employee contributions were placed in the OPSRP Individual Account Program (IAP), a defined contribution pension plan established by the Oregon Legislature. Prior to that date, all member contributions were credited to the Defined Benefit Pension Plan. Member contributions are set by statute at 6.0 or 7.0 percent of salary and are remitted by participating employers. The contributions are either deducted from member salaries or paid by the employers on the members behalf. The IAP member accounts represent member contributions made on or after January 1, 2004, plus earnings allocations less disbursements for refunds, death benefits, and retirements.

Starting July 1, 2020, Senate Bill 1049 required a portion of member contributions to their IAP accounts to be redirected to the Defined Benefit fund. If the member earns more than \$2,500 per month (increased to \$2,535 per month on January 1, 2021) 0.75 percent (if OPSRP member) or 2.5 percent (if Tier One/Tier Two member) of the member's contributions that were previously contributed to the member's IAP now fund the new Employee Pension Stability Accounts (EPSA). The EPSA accounts will be used to fund the cost of future pension benefits without changing those benefits, which means reduced contributions to the member's IAP account. Members may elect to make voluntary IAP contributions equal to the amount redirected.

Pension Assets, Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2024, the City reported a liability of \$855,888 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2021 rolled forward to June 30, 2023. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2024, the City's proportion was 0.00457 percent, which was decreased from its proportion of 0.00532 percent measured as of June 30, 2023.

For the year ended June 30, 2024, the City's recognized pension expense of \$2,729. At June 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

NOTES TO THE BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2024

NOTE 4 - OTHER INFORMATION (Cont'd)

	Deferred Outflows of Resources				 Deferred Inflows of Resources	
Differences between expected and actual experience	\$ 41,856		\$ 3,394			
Changes in assumptions	76,032		567			
Net difference between projected and actual earnings on investments		15,384	-			
Changes in proportionate share	38,016		105,559			
Differences between employer contributions and employers proportionate share of system contributions		4,825	66,405			
Total (prior to post-MD contributions)	176,113		175,925			
City contributions subsequent to the measurement date		123,015	-			
Net Deferred Outflow/(Inflow) of Resouces	\$ 299,128		\$ 175,925			

The City's contributions subsequent to the measurement date of \$123,015 are reported as deferred outflows of resources related to pensions and will be recognized as a reduction of the net pension liability in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended	
June 30:	
2024	\$ 112,184
2025	(45,459)
2026	59,024
2027	3,167
2028	(5,713)
Thereafter	-
Total	\$ 123,203

Actuarial Assumptions

The total pension liability in the December 31, 2021 actuarial valuation was determined using the following assumptions:

Valuation Date	December 31, 2021
Measurement Date	June 30, 2023
Experience Study Report	2020, published July 20, 2021
Actuarial Cost Method	Entry Age Normal
Actuarial Assumptions:	
Inflation Rate	2.40 percent
Long-term Expected	6.90 percent
Rate of Return	
Discount Rate	6.90 percent
Projected Salary	3.40 percent overall payroll growth
Increases	
Cost of Living	Blend of 2.00% COLA and graded COLA (1.25%/0.15%) in accordance with Moro decision;
Adjustments (COLA)	blend based on service
Mortality	Healthy retirees and beneficiaries:
	Pub-2010 Healthy Retiree, sex distinct, generational with Unisex, Social Security Data Scale,
	with job category adjustments and set-backs as described in the valuation.

NOTES TO THE BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2024

NOTE 4 - OTHER INFORMATION (Cont'd)

Active members: Pub-2010 Employee, sex distinct, generational with Unisex, Social Security Data Scale, with job category adjustments and set-backs as described in the valuation.
Disabled retirees: Pub-2010 Disable Retiree, sex distinct, generational with Unisex, Social Security Data Scale, with job category adjustments and set-backs as described in the valuation.

Actuarial valuations of an ongoing plan involve estimates of the value of projected benefits and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. Experience studies are performed as of December 31 of even numbered years. The methods and assumptions shown above are based on the 2022 Experience Study which reviewed experience for the four-year period ending on December 31, 2022.

Long-Term Expected Rate of Return

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in July 2017 the PERS Board reviewed long-term assumptions developed by both Milliman's capital market assumptions team and the Oregon Investment Council's (OIC) investment advisors. The table below shows Milliman's assumptions for each of the asset classes in which the plan was invested at that time based on the OIC long-term target asset allocation. The OIC's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model.

	Assumed Asset Allocation			
Asset Class/Strategy	Low Range	High Range	Target	
Debt Securities	20.0%	30.0%	25.0%	
Public Equity	22.5%	32.5%	27.5%	
Real Estate	9.0%	16.5%	12.5%	
Private Equity	17.5%	27.5%	20.0%	
Real Assets	2.5%	10.0%	7.5%	
Diversifying Strategies	2.5%	10.0%	7.5%	
Opportunity Portfolio	0.0%	5.0%	0.0%	
Total			100.0%	

Asset Class	Target Allocation	Component Annual Return (Geometric)
Global Equity	27.50 %	7.07 %

Depletion Date Projection

GASB 68 generally requires that a blended discount rate be used to measure the Total Pension Liability (the Actuarial Accrued Liability calculated using the Individual Entry Age Normal Cost Method). The long-term expected return on plan investments may be used to discount liabilities to the extent that the plan's Fiduciary Net Position is projected to cover benefit payments and administrative expenses. A 20-year high quality (AA/Aa or higher) municipal bond rate must be used for periods where the Fiduciary Net Position is not projected to cover benefit payments and administrative expenses. Determining the discount rate under GASB 68 will often require that the actuary perform complex projections of future benefit payments and pension plan investments. GASB 68 (paragraph 67) does allow for alternative evaluations of projected solvency, if such evaluation can reliably be made. GASB does not contemplate a specific method for making an alternative evaluation of sufficiency; it is left to professional judgment.

The following circumstances justify an alternative evaluation of sufficiency for PERS:

- PERS has a formal written policy to calculate an Actuarially Determined Contribution (ADC), which is articulated in the actuarial valuation report.
- The ADC is based on a closed, layered amortization period, which means that payment of the full ADC each year will bring the plan to a 100% funded position by the end of the amortization period if future experience follows assumption.
- GASB 68 specifies that the projections regarding future solvency assume that plan assets earn the assumed rate return and there are no future changes in the plan provisions or actuarial methods and assumptions, which means that the projections would not reflect any adverse future experience which might impact the plan's funded position.

Based on these circumstances, it is our independent actuary's opinion that the detailed depletion date projections outlined in GASB 68 would clearly indicate that the Fiduciary Net Position is always projected to be sufficient to cover benefit payments and administrative expenses.

Discount Rate

The discount rate used to measure the total pension liability was 6.90 percent for the Defined Benefit Pension Plan. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments for the Defined Benefit Pension Plan was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's proportionate share of the net pension liability to changes in the discount rate

The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.50 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50 percent) or 1-percentage-point higher (8.50 percent) than the current rate:

	1% Decrease	1% Decrease Discount Rate	
	(5.90%)	(6.90%)	(7.90%)
City's proportionate share of the net pension liability	\$ 1,413,768	\$ 855,889	\$ 389,004

Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued OPERS financial report.

Payables to the pension plan

The City reports payables in the amount of \$13,805 payable to the pension plan.

NOTES TO THE BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2024

NOTE 4 - OTHER INFORMATION (Cont'd)

Changes in Plan Provisions Subsequent to Measurement Date

There were no changes subsequent to the June 30, 2023 measurement period that require disclosure.

B. POST EMPLOYMENT BENEFIT PLAN OTHER THAN PERS

The other postemployment benefits (OPEB) for the City combines two separate plans. The City provides an implicit rate subsidy for retiree health insurance premiums, and a contribution to the State of Oregon's PERS cost-sharing multiple-employer defined health insurance benefit plan.

Financial Statement Presentation

The City's two OPEB plans are presented in the aggregate on the Statement of Net Position. The amounts on the financial statements relate to the plans as follows:

	Implicit Rate Subsidy Plan		PERS RHIA Plan		Total OPEB on Financial	
Deferred Outflows of Resources						
Contributions after the Measurement Date	\$	1,841	\$	5	\$	1,846
Difference between expected and actual results		-		63		63
Changes in assumptions		470		-		470
Change in Proportionate Share		-		1,034		1,034
Total deferred outflows of resources		2,311		1,102		3,413

Deferred Inflows of Resources						
Difference between expected and actual results		(6,834)		(556)		(7,390)
Change in proportionate share		-		-		-
Change in assumptions		(9,866)		(239)		(10,105)
Difference in Earnings				-		
Total deferred inflows of resources		(16,700)		<u>(795</u>)		(17,495)
OPEB Expense (Income)		692		(2,565)		(1,873)
(Included in program expenses on Statement of Activities)						

Implicit Rate Subsidy

Plan Description

The City's defined benefit postemployment healthcare plan is administered by CityCounty Insurance Services (CIS).

The City's postemployment healthcare plan administrator issues a publicly available financial report that includes financial statements and required supplementary information for CIS. This report may be obtained by writing to the CIS Main Office, 1212 Court Street NE, Salem, OR 97301.

NOTES TO THE BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2024

NOTE 4 - OTHER INFORMATION (Cont'd)

Benefits Provided

The plan provides eligible retirees and their dependents under age 65 the same health care coverage at the same premium rates as offered to active employees. The retiree is responsible for the premiums. As of the valuation date of July 1, 2022, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries receiving benefits	0
Active employees	9
• •	9

Total OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The City's total OPEB liability of \$34,120 was measured as of June 30, 2022 and was determined by an actuarial valuation as of July 1, 2022. The City's portion of the net OPEB liability was based on the City's contributions to the CIS healthcare program during the measurement period relative to contributions from all participating employers.

For the fiscal year ended June 30, 2024, the City recognized OPEB expense from this plan of \$692. At June 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to this OPEB plan from the following sources:

				Delerred
	Deferre	ed Outflows	(1	nflows) of
	of Re	esources	R	Resources
Differences between expected and actual results	\$	-	\$	(6,834)
Changes of assumptions		470		(9,866)
Contributions after the measurement date		1,841		-
	\$	2,311	\$	(16,700)

Deferred outflows of resources related to OPEB of \$1,841 resulting from City's contributions subsequent to the measurement date will be recognized as a reduction of the total OPEB liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

_	
\$	(2,581)
	(4,422)

	(1,640)
	(1,242)
	(404)
\$	(14,389)
	- \$ - \$

Actuarial Assumptions and Other Inputs

The total OPEB liability in the July 1, 2022 valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Valuation date	July 1, 2022	
Measurement date	June 30, 2023	
Actuarial cost method	Entry age normal	
Inflation	2.40 percent	
Salary increases	3.40 percent	

NOTES TO THE BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2024

NOTE 4 - OTHER INFORMATION (Cont'd)

Discount rate	3.65 percent (change from 3.54 percent in previous
	measurement period)
Withdrawal, retirement, and mortality rates	December 31, 2021 Oregon PERS valuation
Election and Lapse Rate	35% of eligible employees
·	60% of male members and 35% of female members will elect
	spouse coverage

The discount rate was based on Bond Buyer 20-Year General Obligation Bond Index.

Changes in the Total OPEB Liability

	 tal OPEB
Balance as of June 30, 2023	\$ _iability 29,768
Changes for the year:	
Service cost	3,931
Interest on total OPEB liability	1,183

NOTE 4 – OTHER INFORMATION (Cont'd)

PERS Retirement Health Insurance Account

Plan Description

The City contributes to the PERS Retirement Health Insurance Account (RHIA) for each of its eligible employees. RHIA is a cost-sharing multiple-employer defined benefit other postemployment benefit plan administered by PERS. RHIA pays a monthly contribution toward the cost of Medicare companion health insurance premiums of eligible retirees. ORS 238.420 established this trust fund. Authority to establish and amend the benefit provisions of RHIA reside with the Oregon Legislature. The plan is closed to new entrants after January 1, 2004. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Oregon Public Employees Retirement System, PO Box 23700, Tigard, OR 97281-3700.

Funding Policy

Because RHIA was created by enabling legislation (ORS 238.420), contribution requirements of the plan members and the participating employers were established and may be amended only by the Oregon Legislature. ORS require that an amount equal to \$60 or the total monthly cost of Medicare companion health insurance premiums coverage, whichever is less, shall be paid from the RHIA established by the employer, and any monthly cost in excess of \$60 shall be paid by the eligible retired member in the manner provided in ORS 238.410. To be eligible to receive this monthly payment toward the premium cost the member must: (1) have eight years or more of qualifying service in PERS at the time of retirement or receive a disability allowance as if the member had eight years or more of creditable service in PERS, (2) receive both Medicare Parts A and B coverage, and (3) enroll in a PERS-sponsored health plan. A surviving spouse or dependent of a deceased PERS retiree who was eligible to receive the subsidy is eligible to receive the subsidy if he or she (1) is receiving a retirement benefit or allowance from PERS or (2) was insured at the time the member died and the member retired before May 1, 1991.

Participating employers are contractually required to contribute to RHIA at a rate assessed each year by OPERS, and the City currently 0.05 percent of annual covered payroll OPERS payroll and 0.00 percent for OPSRP payroll under a contractual requirement in effect until June 30, 2024. Consistent with GASB Statement 75, the Oregon PERS Board of Trustees sets the employer contribution rates as a measure of the proportionate relationship of the employer to all employers consistent with the manner in which contributions to the OPEB plan are determined. The basis for the employer's portion is determined by comparing the employer's actual, legally required contributions made during the fiscal year to the plan with the total actual contributions made in the fiscal year of all employers. The City's contributions to RHIA for the year ended June 30, 2024 are included in the PERS annual pension amount.

Total OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The City's total OPEB asset of \$22,159 was measured as of June 30, 2023 and was determined by an actuarial valuation as of December 31, 2021, rolled forward to June 30, 2023. The City's portion of the net OPEB asset was based on the City's contributions to the RHIA program during the measurement period relative to contributions from all participating employers. At June 30, 2023, the City's proportionate share was 0.00605166 percent.

NOTES TO THE BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2024

NOTE 4 - OTHER INFORMATION (Cont'd)

For the year ended June 30, 2024, the City recognized OPEB expense of \$2,565. At June 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to this OPEB plan from the following sources:

				Deferred
	Deferred Outflows			(Inflows) of
	of Resou	rces		Resources
Differences between expected and actual results	\$	-	\$	(556)
Changes of assumptions		-		(239)
Net difference between projected and actual earnings on				
Plan investments		63		-
Changes in proportionate share and differences between				
City contributions and proportionate share of contributions		1,034		-
Contributions subsequent to the measurement date		5		
	\$	1,102	\$	(795)

Deferred outflows of resources related to OPEB of \$5 resulting from the City's contributions subsequent to the measurement date will be recognized as either a reduction of the net OPEB liability or an increase in the net OPEB asset in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended

Actuarial Methods and Assumptions Used in Developing Total OPEB Liability/Asset

All actuarial methods and assumptions are consistent with those disclosed for the OPERS Pension Plan, see note for additional information on Actuarial Assumptions and Methods, Healthcare cost trend rate, the Long-Term Expected Rate of Return, and the Discount Rate.

Sensitivity of the Total OPEB Liability

The following presents the City's total OPEB liability, as well as what the liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.90 percent) or 1-percentage-point higher (7.90 percent) than the current discount rate.

	Current Discount						
	1% Decrease			Rate		6 Increase	
	(5.90%)		(6.90%)		(7.90%)		
City's proportionate share of the net OPEB asset	\$	20,143	\$	22,159	\$	23,889	

OPEB Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued OPERS financial report.

NOTES TO THE BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2024

NOTE 4 - OTHER INFORMATION (Cont'd)

C. CONTINGENCIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures, which may be disallowed by the grantor, agencies cannot be determined at this time although management expects such amounts, if any, to be immaterial.

Management believes that there are no liabilities that could result from pending suits, judgments or claims where the amount in excess of insurance coverage would be material to the financial statements.

D. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the City participates in the City/County Insurance Services (CCIS) formed in 1981 by the League of Oregon Cities and the Association of Oregon Cities. CCIS is a public entity risk pool currently operating as a common risk management and insurance program for approximately 265 Cities in the state of Oregon. CCIS is self-sustaining through member contributions and reinsures through commercial companies for excess of certain claims amounts. The City has a claim upon cash balances held on its behalf by CCIS but the amount cannot be determined. Claims liabilities of the City within CCIS also cannot be determined. The City has not significantly reduced insurance coverage or had any losses in excess of coverage in the past three years.

2014	0.00533428%	(120,913)	432,57	6 -28%	103.6%

The amounts presented for each fiscal year were actuarial determined at December 31 and rolled forward to the measurement date.

NOTES TO SCHEDULE

Changes in Benefit Terms:

The 2013 Oregon Legislature made a series of changes to PERS that lowered projected future benefit payments from the System. These changes included reductions to future Cost of Living Adjustments (COLA) made through Senate Bills 822 and 861. Senate Bill 822 also required the contribution rates scheduled to be in effect from July 2013 to June 2015 to be reduced. The Oregon Supreme Court decision in Moro v. State of Oregon, issued on April 30, 2015, reversed a significant portion of the reductions the 2013 Oregon Legislature made to future System Cost of Living Adjustments (COLA) through Senate Bills 822 and 861. This reversal increased the total pension liability as of June 30, 2015 compared to June 30, 2014 total pension liability.

A legislative change that occurred after the December 31, 2017 valuation date affected the plan provisions reflected for financial reporting purposes. Senate Bill 1049, signed into law in June 2019, introduced a limit on the amount of annual salary included for the calculation of benefits. Beginning in 2021, annual salary in excess of \$197,730 (as indexed in future years) will be excluded when determining member benefits. As a result, future Tier 1/Tier 2 and OPSRP benefits for certain active members are now projected to be lower than prior to the legislation. Senate Bill 1049 was reflected in the June 30, 2019 Total Pension Liability as a reduction in liability.

A legislative change that occurred after the December 31, 2019 actuarial valuation date affected the plan provisions reflected for June 2021 financial reporting liability calculations. Senate Bill 111, enacted in June 2021, provides an increased pre-retirement death benefit for members who die on or after their early retirement age. For GASB 67 and GASB 68, the benefits valued in the Total Pension Liability are required to be in accordance with the benefit terms legally in effect as of the relevant fiscal year-end for the plan. As a result, Senate Bill 111 was reflected in the June 30, 2021 Total Pension Liability. The increase in the Total Pension Liability resulting from Senate Bill 111, measured as of June 30, 2021, is shown in Exhibit A as the "Effect of plan changes" during the measurement period. While Senate Bill 111 also made changes to certain aspects of the System's funding and administration, the change in the death benefit provision is the only change that affects the measured Total Pension Liability. As a result, the death benefit provision is the only difference between June 30, 2020 and June 30, 2021 in the plan provisions basis used to determine the Total Pension Liability as of those two respective Measurement Dates.

Changes of Assumptions:

The PERS Board adopted assumption changes that were used to measure the June 30, 2016 total pension liability and June 30, 2018 total pension liability. For June 30, 2016, the changes included the lowering of the long-term expected rate of return to 7.50 percent and lowering of the assumed inflation to 2.50 percent. For June 30, 2018, the long-term expected rate of return was lowered to 7.20 percent. For June 30, 2021, the long-term expected rate of return was lowered to 6.90 percent, and the inflation rate was lowered from 2.5 to 2.4 percent. In addition, the healthy mortality assumption was changed to reflect an updated mortality improvement scale for all groups, and assumptions were updated for merit increases, unused sick leave, and vacation pay were updated.

REPORT OF INDEPENDENT AUDITOR REQUIRED BY MINIMUM STANDARDS FOR AUDITS OF OREGON MUNICIPAL CORPORATIONS

Mayor and City Council City of Irrigon Irrigon, Oregon

I have audited the basic financial statements of City of Irrigon, Oregon, as of and for the year ended June 30, 2024, and have issued my report thereon dated November 8, 2024. I conducted my audit in accordance with auditing standards generally accepted in the United States of America.

Compliance

As part of obtaining reasonable assurance about whether the City of Irrigon's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations, noncompliance with which could have a direct and material effect on the determination of financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion.

I performed procedures to the extent I considered necessary to address the required comments and disclosures which included, but were not limited to the following:

- Deposit of public funds with financial institutions (ORS Chapter 295).
- Indebtedness limitations, restrictions and repayment.
- Budgets legally required (ORS Chapter 294).
- Insurance and fidelity bonds in force or required by law.
- Programs funded from outside sources.
- Highway revenues used for public highways, roads, and streets.
- Authorized investment of surplus funds (ORS Chapter 294).
- Public contracts and purchasing (ORS Chapters 279A, 279B, 279C).

Nothing came to by attention that caused me to believe the City was not in substantial compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations.

OAR 162-10-0230 Internal Control

In planning and performing my audit, I considered the City's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, I do not express and opinion on the effectiveness of the City's internal control over reporting.

To the Mayor and City Council of the City of Irrigon Page 2 of 2

The purpose of this report is solely to describe the scope of my testing of internal control and compliance with certain provisions of laws, regulations, contracts, grants, and the results of that testing based on provision of the Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 to 162-10-320, and not to provide an opinion on the effectiveness of the City's internal control or compliance. Accordingly, this communication is not suitable for any other purpose.

REBECCA PRICE, CPA

Gilroy, California November 8, 2024

MEMORANDUM

To: City Council

From: Aaron Palmquist, City Manager

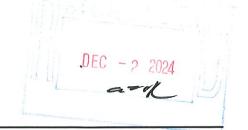

Date: December 17, 2024

RE: Irrigon Council Election Certification Item #6

The 2024 Election for the City of Irrigon Council positions have been certified and presented by Morrow County Clerk - Bobbie Childers.

The results are presented before council to receive and locally certify as presented. Individuals will be sworn in at the January 21, 2025 council meeting.

PO Box 338 Heppner, Oregon 97836 (541) 676-5604 FAX (541) 676-9876

INFORMATION FOR ALL DISTRICTS

ORS 254.568 at bottom of page, applies to all districts.

I have included the Write-In Acceptance forms. Follow ORS 254.548, enclosed for your benefit. (if applicable)

DEC - 2 2021

(Amended by SB 1527, effective since March 23, 2022)

254.548 Individual nominated or elected by write-in votes; form; rules.

- (1) An individual nominated or elected to a public office by write-in votes shall sign and file a form indicating that the individual accepts the nomination or office before the filing officer may issue a certificate of nomination or election. The Secretary of State by rule shall prescribe the form to be used under this section.
- (2) In the case of an individual nominated or elected by write-in votes to a public office:
- (a) Not later than the 39th day after the election, the filing officer shall
- (A) Prepare and deliver by regular mail the form described in subsection (1) of this section to the individual; and
- **(B)** If the filing officer has the electronic mail address of the individual, prepare and deliver by electronic mail the form described in subsection (1) of this section to the individual;
- (b) Not later than the 41st day after the election, if the individual accepts the nomination or office, the individual shall sign and file the form with the filing officer; and
- (c) Not later than the 45th day after the election, if the individual files the form by the deadline specified in paragraph (b) of this subsection, the filing officer shall prepare and deliver a certificate of nomination or election to the individual and, if applicable, issue a proclamation declaring the election of the candidate to the office. [1991 c.719 §56; 2005 c.157 §1; 2014 c.67 §4; 2014 c.112 §4; 2015 c.43 §1; 2018 c.70 §9;2021 c.551 §9]
 - a) 39th day Dec 14, 2024
 - b) 41st day Dec 16, 2024
 - c) 45th day Dec 20, 2024

254.565 Duties of city elections officer after election. Subject to ORS 254.548 (Individual nominated or elected by write-in votes), the chief city elections officer:

- (1) After the primary election, shall enter in a register of nominations:
- (a) The name of each candidate for city office nominated at the primary election.
- **(b)** The office for which the candidate is nominated.
- (c) If applicable, the name of the major political party nominating the candidate.
- (d) The date of the entry.
- (2) After the general election, shall prepare and deliver a certificate of election to each qualified candidate having the most votes for election to a city office.
- (3) Not later than the 40th day after any election, shall canvass the vote on each city measure, and if two or more of the approved measures contain conflicting provisions, proclaim which is paramount. [Formerly 249.491; 1987 c.267 §54; 1995 c.712 §68; 1999 c.318 §39; 2005 c.157 §4; 2017 c.749 §31]

254.568 Certificate of election required before taking oath of office.

When a candidate elected to public office is required by law to take, file, subscribe or indorse an oath of office before entering upon the duties of the office, the candidate shall not take, file, subscribe or indorse the oath until the candidate has been granted a certificate of election. RE: 2025 Small City Allotment (SCA) ODOT - NE Main Avenue Sidewalk Project Item #7

This City of Irrigon was selected and granted the Small City Allotment (SCA) in the amount of \$250,000 to begin building a sidewalk on the south side of NE Main Avenue, from the city parking lot heading west toward AC Houghton.

Securing grant funds and building may take a few awards to complete the full length of the sidewalk. This sidewalk will add a safety location for school children who currently walk down the street as well as any other pedestrian. It will also provide enhancements to our core area of Irrigon.

The typical process has been to have a project designed and then go out to bid. This route has a major potential of reducing the award project, by up to 30% in engineer costs. The State of Oregon has recently began using the Design/Build process that saves on the overall project award. An example is the Morrow County Government Building that went out for a design/build process, saving the county money. While we do not know how much reduction could be saved. When a design/build bid is awarded, we could see the full cost in one location. With a design and then bid there is overhead added to a project for engineering design on top of a project cost. As an example, the most recent Food Project (on tonight's agenda) is for \$350,336.50 is only for the project, engineering design and bidding is beyond the figure. Design/build puts everything in one package and could have savings with no separate inflations.

Staff requests council approval to explore the best fiscal option, allowing for more sidewalk to be installed with the \$250,000 SCA grant. Staff will perform a cursory review for the best savings and project development. Staff notes that whatever process is chosen there still would be a public bid process to follow. This request is to provide clear communication and understanding to achieve direction and the best fiscal outcome for the city.

November 20, 2024

Aaron Palmquist, City Manager City of Irrigon 500 NE Main Avenue Irrigon, Oregon 97844

Subject: 2025 Small City Allotment Program Awards Announcement

Dear Aaron,

In accordance with ORS 366.805 and the recommendation of the Small City Allotment Advisory Committee, I am pleased to announce that the project submitted by the City of Irrigon was one of 24 selected to be funded. ODOT received 74 applications requesting a total of \$17,226,108; with funding limited to \$5,735,959 it made for a very competitive selection process.

The SCA award amount for your project is \$250,000.

The next steps will be for ODOT to develop the grant agreement, submit it to the Department of Justice for review and upon approval it will be presented to the City for review and signature. This can be a time-consuming process, taking up to 90 days.

It is our recommendation that you familiarize yourself with the program rules by reading the <u>Guidelines for Grantees</u> document.

Please be advised that only work that begins after Notice to Proceed is issued will be eligible for reimbursement.

Your participation in the program is appreciated and we look forward to seeing your completed project. If you have questions regarding the SCA program, please contact me at (503) 602-0494 or deanna.edgar@odot.oregon.gov.

Sincerely,

Deanna Edgar

MEMORANDUM

To: City Council and Interested Parties From: Aaron Palmquist, City Manager

Date: December 17, 2024

RE: Master Fee and Rate Schedule – Resolution 24-12 Item #8

This rate and fee schedule is presented annually to ensure the public is aware of the changes being implemented. Additionally, rate increases are held and recommended to be implemented annually at the beginning of the calendar year to work within the state requirement of times and amounts rental rates can be increased. Upon adoption the new resolution will be posted to the City web page and in the lobby for public visibility.

On Exhibit A, rates are being adjusted because of cost to do business have dramatically increased over the last four years (inflation). However, city utility rates are only seeing the annual inflation cost projection which does not dramatically pass the "real" increase (inflation) onto customers, while still moving forward in very small increments. The garbage rate increase reflects the increase percentage that took place two years ago. However, neighboring jurisdictions saw an average between 19 and 36 percent increases from the garbage company. We are diligently working to keep any of these franchise rates down, while we understand that they too must meet the economic challenges of the economy.

With this Rate and Fee Schedule staff recommends City Council adoption of Resolution 24-12 with an effective date of January 1, 2025.

RESOLUTION NO. 24-12

A RESOLUTION ADOPTING AND AMENDING THE MASTER FEE SCHEDULE FOR SERVICES PROVIDED BY THE CITY OF IRRIGON, OR

WHEREAS, the City of Irrigon provides a variety of services to the public; and

WHEREAS, it is common for cities to charge fees for some services to help recover the costs of providing those services; and

WHEREAS, it is the intent of the Irrigon City Council to consolidate city fees into one master schedule to assist the city staff and public in quickly locating the appropriate fee for service; and

NOW, THEREFORE BE IT RESOLVED:

SECTION 1. The Master Fee Schedule attached as Exhibit A is hereby adopted.

SECTION 2. The fees established by Exhibit A of this resolution take precedence over any charges or fees which were previously adopted by any ordinance, resolution or administrative policy. Attached rates reflect the current economic use and expenses.

SECTION 3. Previously increases were very nominal each year for the past five years at less than 2.5 percent. However, inflation for over the past four (4) years is greatly beyond 20 percent. The proposed nominal increase to water and sewer operating charges recommends to remain with a 2.1 percent increase. This increase "only" reflects the (CPI-consumer price increase) for the year 2024 and not the true economics and inflation to all industries.

SECTION 4. The City Manager and staff shall review the fees periodically and shall modify the fees based on the cost of providing the services with the approval of the City Council.

SECTION 5. This resolution shall be effective January 1, 2025.

This Resolution adopted and passed by the Common Council of the City of Irrigon and signed by the Mayor on this 17th day of December 2024.

SIGNED:	ATTEST:
Michell Patton, Mayor	Aaron Palmquist, City Manager

 - 6. S/O Outside city limits = \$91.49 = \$3.05 per day

MEMORANDUM

To: City Council

From: Aaron Palmquist, City Manager

Date: December 17, 2024

RE: Oregon State Parks – "Splash Park Grant Agreement" - Item #9

In February 2024 the City Council passed Resolution 24-01 for making application to the Oregon Parks and Recreation for a grant to construct a 'splash park". On September 24, 2024 the City of Irrigon was notified that we were approved by the Oregon Parks and Recreation Commission. Tonight, we have the agreement from Oregon Parks and Recreation Department for the project.

This project has been a long-standing desire and benefit for the community. We are excited for this one million grant award and look forward to seeing the project completed. The estimated timeline is for our city engineers (JUB) begin gathering and designing various aspects to be ready for public bidding in the fall of 2025. Project construction would then be ready to begin in 2026, upon a successful contract award.

While a previous motion was made to authorize the mayor and city manager to sign the agreement is here again with the full language and details of the agreement. Staff recommends that mayor and city manager be authorized to execute the Splash Park agreement and required documents.

Oregon Parks and Recreation Department

Local Government Grant Program Agreement

THIS AGREEMENT ("Agreement") is made and entered into by and between the State of Oregon, acting by and through its Oregon Parks and Recreation Department, hereinafter referred to as "OPRD" or the "State" and the City of Irrigon, hereinafter referred to as the "Grantee".

OPRD Grant Number:

LG24-031

Project Title:

Irrigon Splash Pad Construction

Project Type (purpose):

Development

Project Description:

The project will construct a new splash pad featuring accessible water play activities and rest areas for adults at Trevor Fox Memorial Park in Irrigon, Oregon. The Project is further described in Attachment A - Project Description and Budget.

Grant Funds /

Maximum Reimbursement: \$1,000,000 (76.92%)
Grantee Match Participation: \$ 300,000 (23.08%)

Total Project Cost: \$1,300,000

Grant Payments / Reimbursements: Grant funds are awarded by the State and paid on a reimbursement basis, and only for the Project described in this Agreement, and the Project Description and Budget included as Attachment A. To request reimbursement, Grantee shall use OPRD's online grant management system accessible at oprdgrants.org. The request for reimbursement shall include documentation of all project expenses plus documentation confirming project invoices have been paid. Grantee may request reimbursement as often as quarterly for costs accrued to date.

Fiscal Year-End Request for Reimbursement: Grantee must submit a Progress Report and a Reimbursement Request to OPRD for all Project expenses, if any, accrued up to **June 30**, of each fiscal year. The Fiscal Year-End Reimbursement Request must be submitted to OPRD by **July 31**.

Reimbursement Terms: Based on the estimated Project Cost of \$1,300,000, and the Grantee's Match participation rate of 23.08%, the reimbursement rate will be 76.92%. Upon successful completion of the Project and receipt of the final reimbursement request, the State will pay Grantee the remaining Grant Funds balance, or 76.92% of the total cost of the Project, whichever is less.

Matching Funds: The Grantee shall contribute matching funds or the equivalent in labor, materials, or services, which are shown as eligible match in the rules, policies and guidelines for the Local Government Grant Program. Volunteer labor used as a match requires a log with the name of volunteer, dates volunteered, hours worked, work location and the rate used for match, to be eligible.

Progress Reports: Grantee shall submit Progress Reports with each Reimbursement Request or, at a minimum, at **three-month intervals**, starting from the effective date of the Agreement. Progress Reports shall be submitted using OPRD's online grant management system accessible at oprdgrants.org.

Agreement Period: The effective date of this Agreement is the date on which it is fully executed by both parties. Unless otherwise terminated or extended, the Project shall be completed by **December 31, 2026.** If the Project is completed before the designated completion date, this Agreement shall expire on the date final reimbursement payment is made by OPRD to Grantee.

Retention: OPRD shall disburse up to 90 percent of the Grant Funds to Grantee on a cost reimbursement basis upon approval of invoices submitted to OPRD. OPRD will disburse the final 10 percent of the Grant Funds upon approval by OPRD of the completed Project, the Final Progress Report and the submission of five to ten digital pictures of the completed project site.

Final Request for Reimbursement: Grantee must submit a Final Progress Report, a Final Reimbursement Request and five to ten digital pictures of the completed project site to OPRD within 45 days of the Project Completion Date.

Project Sign: When project is completed, Grantee shall post an acknowledgement sign of their own design, or one supplied by the State, in a conspicuous location at the project site, consistent with the Grantee's requirements, acknowledging grant funding and the State's participation in the Project.

Agreement Documents: Included as part of this Agreement are:

Attachment A: Project Description and Budget Attachment B: Standard Terms and Conditions Attachment C: Inadvertent Discovery Plan

In the event of a conflict between two or more of the documents comprising this Agreement, the language in the document with the highest precedence shall control. The precedence of each of the documents is as follows, listed from highest precedence to lowest precedence: this Agreement without Attachments; Attachment B; Attachment A; Attachment C.

Contact Information: A change in the contact information for either party is effective upon providing notice to the other party:

Attachment B - Standard Terms and Conditions

Oregon Parks and Recreation Department Local Government Grant Program Agreement

- 1. **Compliance with Law:** Grantee shall comply with all federal, state and local laws, regulations, executive orders and ordinances applicable to the Agreement or to implementation of the Project, including without limitation, OAR chapter 736, Division 6 (the Local Government Grant Program administrative rules).
- 2. Compliance with Workers Compensation Laws: All employers, including Grantee, that employ subject workers who provide services in the State of Oregon shall comply with ORS.656.017 and provide the required Worker's Compensation coverage, unless such employers are exempt under ORS 656.126. Employer's liability insurance with coverage limits of not less than \$500,000 must be included.
- 3. Compliance with Prevailing Wage: Grantee shall comply with the prevailing wage rate requirements set forth in ORS 279C.800 through 279C.870 and the administrative rules promulgated thereunder ("Prevailing Wage Rate Law" or "PWR"), or, if applicable, 40 U.S.C. 3141 et seq. ("Davis-Bacon Act").
- 4. **Amendments:** This Agreement may be amended only by a written amendment to the Agreement, executed by the parties.
- 5. Expenditure Records: Grantee shall document, maintain and submit records to OPRD for all Project expenses in accordance with generally accepted accounting principles, and in sufficient detail to permit OPRD to verify how Grant Funds were expended. These records shall be retained by the Grantee for at least six years after the Agreement terminates. The Grantee agrees to allow Oregon Secretary of State auditors and State agency staff access to all records related to this Agreement for audit and inspection and monitoring of services. Such access will be during normal business hours, or by appointment. Grantee shall ensure that each of its subgrantees and subcontractors complies with these requirements.
- 6. **Equipment:** Equipment purchased with Local Government Grant Program funds must be used as described in the Project Agreement and Application throughout the equipment's useful life. The Grantee will notify the State prior to the disposal of equipment and will coordinate with the State on the disposal to maximize the equipment's ongoing use for the benefit of the Local Government Grant Program.
- 7. **Use of Project Property:** Grantee warrants that the land within the Project boundary described in the Application shall be dedicated and used for a period of no less than 25 years from the completion of the Project. Grantee agrees to not change the use of, sell, or otherwise dispose of the land within the Project boundary, except upon written approval by OPRD. If the Project is located on land leased from the federal government, the lease shall run for a period of at least 25 years after the date the Project is completed. If the Project is located on land leased from a private or public entity, other than the federal government, the lease shall run for a period of at least 25 years after the date the Project is completed, unless the lessor under the lease agrees that, in the event the lease is terminated for any reason, the land shall continue to be dedicated and used as described in the Project Application for a period of at least 25 years after the date the Project is completed.

Land acquired using Local Government Grant funds shall be dedicated, by an instrument recorded in the county records, for recreational use in perpetuity, unless OPRD or a successor agency consents to removal of the dedication.

8. Conversion of Property: Grantee further warrants that if the Grantee converts lands within the Project boundary to a use other than as described in the grant application or disposes of such land by sale or any other means ("Converted Land"), the Grantee must provide replacement land acceptable to OPRD within 24 months of the date of the conversion or disposal or, if the conversion

or disposal is not discovered by OPRD until a later date, within 24 months after the discovery of the conversion or disposal.

If replacement land cannot be obtained within the 24 month period, the Grantee will provide payment of the grant program's prorated share of the current fair market value of the Converted Land to the State. The prorated share is measured by that percentage of the original grant (plus any amendments) as compared to the original Project cost(s). The replacement land must be equal to the current fair market value of the Converted Land, as determined by an appraisal. The recreation utility of the replacement land must also be equal to that of the Converted Land.

If conversion occurs through processes outside of the Grantee's control such as condemnation or road replacement or realignment, the Grantee must pay to the State a prorated share of the consideration paid to the Grantee by the entity that caused the conversion. The State's prorated share is measured by the percentage of the original grant (plus any amendments) as compared to the original Project cost(s).

The warranties set forth in Section 6 and this Section 7 of this Agreement are in addition to, and not in lieu of, any other warranties set forth in this Agreement or implied by law.

9. Contribution: If any third party makes any claim or brings any action, suit or proceeding alleging a tort as now or hereafter defined in ORS 30.260 ("Third Party Claim") against a party (the "Notified Party") with respect to which the other party ("Other Party") may have liability, the Notified Party must promptly notify the Other Party in writing of the Third Party Claim and deliver to the Other Party a copy of the claim, process, and all legal pleadings with respect to the Third Party Claim. Either party is entitled to participate in the defense of a Third Party Claim, and to defend a Third Party Claim with counsel of its own choosing. Receipt by the Other Party of the notice and copies required in this paragraph and meaningful opportunity for the Other Party to participate in the investigation, defense and settlement of the Third Party Claim with counsel of its own choosing are conditions precedent to the Other Party's liability with respect to the Third Party Claim.

With respect to a Third Party Claim for which the State is jointly liable with the Grantee (or would be if joined in the Third Party Claim), the State shall contribute to the amount of expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred and paid or payable by the Grantee in such proportion as is appropriate to reflect the relative fault of the State on the one hand and of the Grantee on the other hand in connection with the events which resulted in such expenses, judgments, fines or settlement amounts, as well as any other relevant equitable considerations. The relative fault of the State on the one hand and of the Grantee on the other hand shall be determined by reference to, among other things, the parties' relative intent, knowledge, access to information and opportunity to correct or prevent the circumstances resulting in such expenses, judgments, fines or settlement amounts. The State's contribution amount in any instance is capped to the same extent it would have been capped under Oregon law if the State had sole liability in the proceeding.

With respect to a Third Party Claim for which the Grantee is jointly liable with the State (or would be if joined in the Third Party Claim), the Grantee shall contribute to the amount of expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred and paid or payable by the State in such proportion as is appropriate to reflect the relative fault of the Grantee on the one hand and of the State on the other hand in connection with the events which resulted in such expenses, judgments, fines or settlement amounts, as well as any other relevant equitable considerations. The relative fault of the Grantee on the one hand and of the State on the other hand shall be determined by reference to, among other things, the parties' relative intent,

knowledge, access to information and opportunity to correct or prevent the circumstances resulting in such expenses, judgments, fines or settlement amounts. The Grantee's contribution amount in any instance is capped to the same extent it would have been capped under Oregon law if it had sole liability in the proceeding.

Grantee shall take all reasonable steps to cause its contractor(s) that are not units of local government as defined in ORS 190.003, if any, to indemnify, defend, save and hold harmless the State of Oregon and its officers, employees and agents ("Indemnitee") from and against any and all claims, actions, liabilities, damages, losses, or expenses (including attorneys' fees) arising from a tort (as now or hereafter defined in ORS 30.260) caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of Grantee's contractor or any of the officers, agents, employees or subcontractors of the contractor ("Claims"). It is the specific intention of the parties that the Indemnitee shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnitee, be indemnified by the contractor from and against any and all Claims.

- 10. **Inspection of Equipment and Project Property:** Grantee shall permit authorized representatives of the State, the Oregon Secretary of State, or their designees to perform site reviews of the Project, and to inspect all Equipment, real property, facilities, and other property purchased by Grantee as part of the Project.
- 11. Public Access: The Grantee shall allow open and unencumbered public access to the completed Project to all persons without regard to race, color, religious or political beliefs, sex, national origin or place of primary residence.
- 12. **Condition for Disbursement:** Disbursement of grant funds by OPRD is contingent upon OPRD having received sufficient funding, appropriations, limitations, allotments, or other expenditure authority sufficient to allow OPRD, in the exercise of its reasonable administrative discretion, to make the disbursement and upon Grantee's compliance with the terms of this Agreement.
- 13. No Third Party Beneficiaries. OPRD and Grantee are the only parties to this Agreement and are the only parties entitled to enforce its terms. Nothing in this Agreement gives, is intended to give, or shall be construed to give or provide any benefit or right, whether directly or indirectly, to a third person unless such a third person is individually identified by name herein and expressly described as intended beneficiary of the terms of this Agreement.
- 14. **Repayment:** In the event that the Grantee spends Grant Funds in any way prohibited by state or federal law, or for any purpose other than the completion of the Project, the Grantee shall reimburse the State for all such unlawfully or improperly expended funds. Such payment shall be made within 15 days of demand by the State.
- 15. **Termination:** This Agreement may be terminated by mutual consent of both parties, or by either party upon a 30-day notice in writing, delivered by certified mail or in person to the other party's contact identified in the Agreement. On termination of this Agreement, all accounts and payments will be processed according to the financial arrangements set forth herein for Project costs incurred prior to date of termination. Full credit shall be allowed for reimbursable expenses and the non-cancelable obligations properly incurred up to the effective date of the termination.
- 16. Governing Law: The laws of the State of Oregon (without giving effect to its conflicts of law principles) govern all matters arising out of or relating to this Agreement, including, without limitation, its validity, interpretation, construction, performance, and enforcement. Any party bringing a legal action or proceeding against any other party arising out of or relating to this Agreement shall bring the legal action or proceeding in the Circuit Court of the State of Oregon for Marion County. Each party hereby consents to the exclusive jurisdiction of such court, waives any objection to venue, and waives any claim that such forum is an inconvenient forum. In no event shall this section be

construed as a waiver by the State of Oregon of any form of defense or immunity, whether sovereign immunity, governmental immunity, immunity based on the eleventh amendment to the Constitution of the United States or otherwise, from any claim or from the jurisdiction of any court.

- 17. Entire Agreement: This Agreement constitutes the entire Agreement between the parties. No waiver, consent, modification or change of terms of this Agreement shall bind either party unless in writing and signed by both parties. Such waiver, consent, modification or change, if made, shall be effective only in the specific instance and for the specific purpose given. There are no understandings, Agreements, or representations, oral or written, not specified herein regarding this Agreement. The Grantee, by signature of its authorized representative on the Agreement, acknowledges that the Grantee has read this Agreement, understands it, and agrees to be bound by its terms and conditions.
- 18. **Notices:** Except as otherwise expressly provided in this Agreement, any communications between the parties hereto or notices to be given hereunder shall be given in writing by personal delivery, facsimile, email, or mailing the same, postage prepaid, to Grantee contact or State contact at the address or number set forth in this Agreement, or to such other addresses or numbers as either party may hereinafter indicate. Any communication or notice delivered by facsimile shall be deemed to be given when receipt of the transmission is generated by the transmitting machine, and to be effective against State, such facsimile transmission must be confirmed by telephone notice to State Contact. Any communication by email shall be deemed to be given when the recipient of the email acknowledges receipt of the email. Any communication or notice mailed shall be deemed to be given when received, or five days after mailing.
- 19. **Counterparts:** This agreement may be executed in two or more counterparts (by facsimile or otherwise), each of which is an original and all of which together are deemed one agreement binding on all parties, notwithstanding that all parties are not signatories to the same counterpart.
- 20. **Severability:** If any term or provision of this agreement is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if this Agreement did not contain the particular term or provision held to be invalid.

Standard Terms and Conditions Reviewed by ODOJ Jeffrey B. Grant, AAG, 9/27/24 mc

ATTACHMENT C

ARCHAEOLOGICAL INADVERTENT DISCOVERY PLAN (IDP)

Archaeological materials are the physical remains of the activities of people in the past. This IDP should be followed should any archaeological sites, objects, or human remains be found. Archaeological materials are protected under Federal and State laws and their disturbance can result in criminal penalties.

This document pertains to the work of the Contractor, including any and all individuals, organizations, or companies associated with the project.

WHAT MAY BE ENCOUNTERED

Archaeological material may be found during any ground-disturbing activity. If encountered, all excavation and work in the area MUST STOP. Archaeological objects vary and can include evidence or remnants of historic-era and pre-contact activities by humans. Archaeological objects can include but are not limited to:

- Stone flakes, arrowheads, stone tools, bone or wooden tools, baskets, beads.
- Historic building materials such as **nails**, **glass**, **metal** such as cans, barrel rings, farm implements, **ceramics**, **bottles**, **marbles**, **beads**.
- · Layers of discolored earth resulting from hearth fire
- Structural remains such as foundations
- Shell Middens (mounds)
- Human skeletal remains and/or bone fragments which may be whole or fragmented.

If in doubt call it in.

DISCOVERY PROCEDURES: WHAT TO DO IF YOU FIND SOMETHING

- 1. Stop ALL work in the vicinity of the find
- 2. Secure and protect area of inadvertent discovery with 30 meter/100 foot buffer—work may continue outside of this buffer
- 3. Notify Project Manager and Agency Official
- 4. Project Manager will need to contact a professional archaeologist to assess the find.
- 5. If archaeologist determines the find is an archaeological site or object, contact SHPO. If it is determined to *not* be archaeological, you may continue work.

HUMAN REMAINS PROCEDURES

- 1. If it is believed the find may be human remains, stop ALL work.
- 2. Secure and protect area of inadvertent discovery with 30 meter/100 foot buffer, then work may continue outside of this buffer with caution.
- Cover remains from view and protect them from damage or exposure, restrict access, and leave in place until directed otherwise. Do not take photographs. Do not speak to the media.

4. Notify:

- Project Manager
- Agency Official
- Contracted Archaeologist (if applicable)
- SHPO (State Historic Preservation Office) 503-986-0690
- LCIS (Legislative Commission on Indian Services) 503-986-1067
- Appropriate Native American Tribes (as provided by LCIS)
- 5. If the site is determined not to be a crime scene by the Oregon State Police, do not move anything! The remains should continue to be secured in place along with any associated funerary objects, and protected from weather, water runoff, and shielded from view.
- Do not resume any work in the buffered area until a plan is developed and carried out between the State Police, SHPO, LCIS, and appropriate Native American Tribes, and you are directed that work may proceed.

CONFIDENTIALITY

The Agency and employees shall make their best efforts, in accordance with federal and state law, to ensure that its personnel and contractors keep the discovery confidential. The media, or any third-party member or members of the public are not to be contacted or have information regarding the discovery, and any public or media inquiry is to be reported to the Agency. Prior to any release, the responsible agencies and Tribes shall concur on the amount of information, if any, to be released to the public.

To protect fragile, vulnerable, or threatened sites, the National Historic Preservation Act, as amended (Section 304 [16 U.S.C. 470s-3]), and Oregon State law (ORS 192.501(11)) establishes that the location of archaeological sites, both on land and underwater, shall be confidential.

RE: SHPO Case No. 24-0197

OPRD Irrigon Trevor Fox Memorial Park Splash Pad construct splash pad

750 NE Main Ave, Irrigon, Morrow County

Dear Mark Cowan:

Thank you for submitting information for the project referenced above. According to our records there are no identified archaeological objects or sites (Oregon Revised Statute [ORS] 358.905), and no Native American cairn, burial, human remains, sacred objects and objects of cultural patrimony (ORS 97.740-760) in or adjacent to the project area. Based on the information provided, Oregon SHPO does not have any concerns with the project proceeding as planned.

Under ORS 358.920 and ORS 97.745, archaeological sites, objects and human remains are protected on both state public and private lands in Oregon. Please know that if any archaeological artifacts are found during construction all activity in the area should cease and our office should be contacted. We also advise having an Inadvertent Discovery Plan (IDP) in place during construction. A template is available on our website (https://www.oregon.gov/oprd/OH/pages/projectreviewresources.aspx). The IDP explains what to do in the event of a discovery and provides examples of archaeological materials. Using this form can reduce confusion, risk, and liability.

If the project has a federal nexus (lands, funding, permitting, or oversight) coordinate with the lead federal agency to ensure compliance with Section 106 of the National Historic Preservation Act.

If you have not already done so, be sure to consult with all appropriate Native American tribes regarding the proposed project. Additional consultation regarding this case must be sent through Go Digital. In order to help us track the project accurately, reference the SHPO case number above in all correspondence.

Please contact our office if you have any questions, comments or need additional assistance.

Sincerely,

Koren Tippett

Special Project Archaeologist, OPRD/SHPO Liasion

(971) 304-4737

- > Management & Reporting Requirements
- > Grant Reporting and Reimbursement Instructions

All files for projects benefiting from Oregon Parks and Recreation Department administered grant funds must be able to pass a State audit. When preparing to submit a Request for Reimbursement, plan on submitting the following documentation:

Progress Report – Once you submit a Progress Report, you will be able to access the Reimbursement Request form.

Project Bills / Invoices

Bill Payment Confirmation – Please submit documentation confirming that all project bills/invoices have indeed been paid. The best way to document this is with some type of Accounts Paid Report or Check Ledger Report for the project that lists Payments, Payee, Payment Date and Check Number. (This is different from an Accounts Payable Report which would only list payments pending.) If an Accounts Paid Report is not available, please submit copies of canceled payment checks (with account numbers blocked out).

Once the project is completed . . .

Project Pictures – Please plan to submit 5-10 digital pictures of the completed project site and specific project elements, for the project file. Digital pictures can be attached to any Progress Report or Request for Reimbursement. For Planning Projects, rather than pictures, please submit a digital copy of the final Planning Document.

As-Built Map – If the completed project is different from the original Site Plan submitted with the

☐ Acknowledgement Sign - Is there any type of signage on site acknowledging OPRD grant support for the project? If not, we will send you one. (An acknowledgement sign is not necessary for Planning projects.)

application, please submit an As-Built Map that shows the actual layout of the completed project.
